Industrial visit to

INCOIS (Indian National Centre for Ocean Information Service) Hyderabad

10 students of III B.Tech. have visited INCOIS (Indian National Centre for Ocean Information Service) Hyderabad, on 14th March 2020, where the students were learned about the best possible “Ocean information and Advisory services” to the Society, Industry, Government Agencies and the Scientific community through sustained ocean observations and constant improvements through systematic and focused research. Also demonstrated about the use of Super computers, Cloud computing, and satellites for accessing, storing and processing the data.
