

VidyaJyothi Institute of Technology (Autonomous)

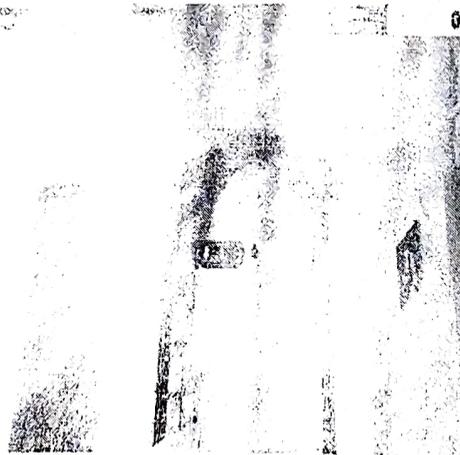

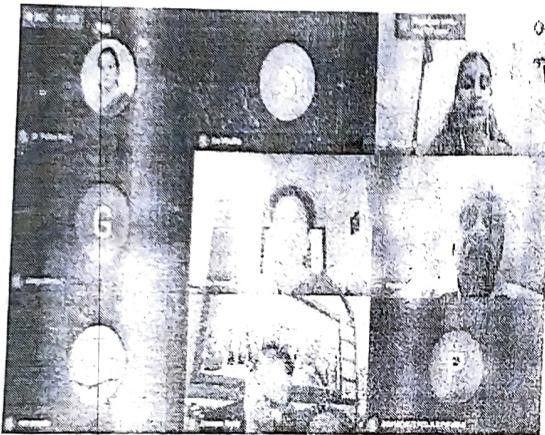

(Approved By A.I.C.T.E., New Delhi, Permanently Affiliated to JNTU, Hyderabad)

(Aziz Nagar, C.B.Post, Hyderabad -500075)

A REPORT ON

Inaugural Ceremony of Three weeks Online Internship **17/08/2020**

The Internship inaugural session was organized by Department of Civil Engineering, VJIT in association with ICI Knowledge Center, Telangana on 17th August 2020 with the welcoming address by Dr.PallaviBadry, Head of the Department, Civil Engineering and explained the importance of the session and welcomed the key note speaker and Presidential Address was delivered by Dr. A. Padmaja, Principal – VJIT

Over 200 Students, Research Scholars, Faculty members took part in Seminar from various Parts of the world.

A. Padmaja

Principal
VidyaJyothi Institute of Technology
Aziz Nagar, C.B. Post, Hyderabad - 500075

Mr. Jagadish kumar

Profile:-

- Mr. Jagadish kumar is working as the Center Head at CADD Centre Training Services.
- He completed Secondary Schooling at "University of Hertfordshire"
- got graduated from "Flytech aviation Academy".
- Perfect in softwares like AUTOCADD etc.
- He is also a corporate trainer for WIPRO Technologies, Bangalore.
- Authorized CADD trainer.
- Architectural trainer in cadd.

A Technical Talk on the application of CADD in Technical Practices

The seminar was started with a brief addressing on gathering by HOD of civil Department Dr.Pallavi Badry and explained about the Importance of the session. A technical talk about the civil related of and their importance in the civil Engineering practices and gave the detailed explanation about each and every software by Mr.Jagadish Kumar, Centre Head, CADD centre, Hyderabad. Finally Miss Sreeja Assistant professor given vote of thanks to the Speaker and all the honourable delegates for delivering their valuable Content to the students

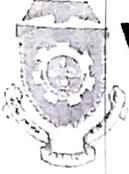

The seminar was started with a brief addressing on gathering by HOD of civil Department Dr.Pallavi Badry and explained about the Importance of the session

AutoCAD is widely used in the civil engineering field because of its ability to **plan sites a lot easier than hand drawings**. The main thing is that if you want to **draft any civil engineering structure (2D, 3D)** such as buildings, bridges, roads, drainage, pipeline, dams, intersection etc. with accuracy, speed and that can be easily edited, **AutoCAD** is

SEMINAR REPORT

ON

“One day workshop on Entrepreneurship and growth in Construction Industry ”

- 04 January 2020

Department of Civil Engineering had organized a seminar for the students of B.Tech II, III & IV Year Civil Engg Dept in Block-C, Seminar Hall, on 4th January 2020. The Speaker for the seminar was Dr. Y. V. Rao, Professor & Dean - Research & Development, Garden city University.

In the seminar, Mr. Y. V. Rao discussed that Entrepreneurship is an active field of study; however entrepreneurship in the field of construction has been relatively neglected in recent research. The construction sector's importance lays in its multiplier effect, through employment, consumption of materials and by providing infrastructure for further economic development. In order to maximize this effect, innovation and entrepreneurship in construction are critical factors. We have investigated the relation of several economic factors with entrepreneurship in construction and have found that the volume of construction works, the number of construction workers, building permits and the subjective opinion of the businesspersons in the construction industry, expressed through a conjecture index, have a long and medium term positive relation with it, while unemployment, Consumer Price Index, Construction Cost Index. Later the seminar continued with questions and answers. The students were interactive and gained lots of knowledge.

27-10-2019

To

Mr. Rupesh Mittal,
Head Cyber Jagruthi Programme,
Hyderabad.

Sir,

Sub: Requisition to be a resource person for the 1 day Seminar Reg.

We, the Vidya Jyothi Institute of Technology, Hyderabad to organize a 1 day seminar on "Cyber Crime Awareness" dated on 2nd November 2019.

It is an honor and privilege to invite you to participate in the above mentioned seminar as **Speaker** on dated 2/11/2019 for "Cyber Crime Awareness Under Cyber Jagruthi Programme". We believe that your contribution to this field is unparalleled and a seminar on this topic will be of great benefit to our faculty and students.

We look forward to a positive confirmation, an honor for us indeed.

Thank you

Dr. Pallavi Badry
Professor and HOD,
Department of Civil Engineering,
Vidya Jyothi Institute of Technology,
Aziz Nagar Gate, C.B. Post, Hyderabad.

"Cyber Crime Awareness" Under Cyber Jagruthi Programme

One Day Seminar On "Cyber Crime Awareness" Under Cyber Jagruthi Programme By Mr. Rupesh Mittal Head-cyber Jagruthi Programme, Hyderabad On 2nd November 2019. In This Programme Mr.Rupesh has Given Awareness On Resolving the Cyber Crime Issues.

Cybercrime is a crime that involves a computer and a network. The computer may have been used in the commission of crime ,or it may be the target .cybercrimes can be defined as "offences that are committed against individual or groups of individuals with criminal motive to intentionally harm the reputation of the victim or cause physical or mental harm , or loss , to the victim directly or indirectly , using modern telecommunication networks such as internet.

They are many privacy concerns surrounding cybercrime when confidential information is intercepted or disclosed, lawfully or otherwise. Debarati halder and k. jaishankar further defines cybercrime we from the prespective of gender and defined 'cybercrime against women' as "crimes targeted against women with a motive to intentionally harm the victims psychology and physically , using modern telecommunication networks such as internet5 and mobile phones.

One Day Seminar On “Entrepreneurship And Start-ups Across Interdisciplinary Engineering Courses: Opportunities For The Youth”

Department of civil engineering organised a guest lecture on entrepreneurship and start-ups across in disciplinary engineering courses on 1st November 2019 in D block auditorium

The Seminar Was Started With A Brief Addressing On Gathering By Hod Of Civil Department Dr.Pallavibadry And Explained About The Importance Of The Session. Then Dr.Y.V.Rao, Professor And Dean-research And Development, Garden City University Has Delivered His Speech On “Entrepreneurship And Start-ups Across Interdisciplinary Engineering Courses” To The Students.

He Note Gave An Awareness Among The Students To Built Up The Strategies And Face The Challenges In The Present Scenario.

The vote of thanks was given by a student of civil dept. And Ms.Dr.pallavibadry, HOD, civil department presented a small token of appreciation to our valuable guests.

As per feedback received from the participants it was very good learning experience, lecture helped them in their understanding the substation

One Day Seminar on "Career Opportunities In Civil Engineer"

The seminar was started with a brief addressing on gathering by HOD of civil department Dr.Pallavi Badry and explained about the three technical sessions. Then Mr. Rahul Reddy, AGM in reliable environment services had delivered his speech on "The Importance of Site Job in Construction Industry" to the students.

The afternoon session was addressed by two eminent speakers Mr.CH.Ravikumar, AGM in NAC, liaison placement officer, had given his lecture on "Career Options In Construction Industry".

Later the seminar was continued by Mr.k.Samiddin, AGM, Manhattan reviews, Hyderabad on "Incubation Awareness & Opportunities" and then guided the students about the higher studies in foreign universities and guided the students about the skills required for professional jobs.

Finally the seminar was ended with a question and answer session and Mr.Raghavendra associate professor was given, vote of thanks to all the honorable delegates for delivering the them valuable content to the students.

Seminar title: Seminar on “REDHAT LINUX”

Date: 24/02/2020

CSI student chapter at Vidya Jyothi Institute of Technology in association with “Prodevans Technologies”, Bangluru, have organized a seminar on “REDHAT LINUX” for B.Tech III year students of CSE and IT branches on 24th February 2020.

80 students have actively participated in the seminar.

Resource Person:

Mr. Aneesh PV, Manager, Training & Certification REDHAT India, Prodevans Technologies.

Passionate about delivering solutions and training based on open source technologies, mainly REDHAT Linux.

Prodevans has collaboration with REDHAT.

Highlights of the seminar:

- Introduction to REDHAT & LINUX
- The importance of Linux operating system, and its Advantages.
- Why Linux is enterprise targeted OS.
- Growing Technologies in Linux
- Why Linux Operating System is in demand.
- Linux Coexistence with other platforms
- REDHAT Certification

Subject: F-Tech 2.0 awareness webinar

This is to inform all the II B.Tech CSE TASK registered students that TASK in association with STL academy is going to start the training webinar F-TECH 2.0 On fiber optics to create an ecosystem of optical fiber professionals.

F-Tech 2.0, wanted to inspire young minds to discover the incredible opportunities in optical fibre technology.

F-TECH 2.0, a web series on fiber optics will be inaugurated on 5th March 2020.

Hence all TASK registered students are instructed to registered the career oriented skill development program.

Date: 5th & 6th March 2020

Venue: 2nd floor, I Lab and Lab-II

J-HUB HACKATHON 2020 In association with J-HUB **REPORT**

31st Jan 2020

09:30 am - 10:00 am

The preparations for the JHub hackaton-2020 at Vidya Jyothi Institute of Technology have started with full swing. 188 participants from various colleges across Hyderabad verified themselves at the Registration Desk for the hackathon.

The total of 9 colleges participated in the event, including the host institution.

The list of colleges and the number of teams from each college are as follows:

- Vidya Jyothi Institute of Technology (36)
- VNR Vignana Jyothi Institute of Technology (3)
- BVRIT College of Engineering for Women (4)
- Kakatiya Institute of Technology and Science for Women (2)
- Anurag Group of Institutions (1)
- Gokaraju Rangaraju Institute of Engineering and Technology (1)
- Scient Institute of Technology (1)
- St. Mary's Group of Institutions (1)
- MVSR (1)

All the Participants were provided with a registration kit and were sent to the inauguration program.

J-HUB HACKATHON 2020

In association with J-HUB

10:00 am - 10:30 am

Inauguration of Hackathon started with inviting dignitaries on to the dais followed by lamp lightening and prayer song. Mr. V. Ravi, Product Manager, Tech Mahindra was the chief guest of the occasion. Dr. B. VijayaKumar, HOD of CSE, Prof. B.Srinivasulu, HOD of IT and other dignitaries were invited on the stage.

The event started with a welcome note which was addressed by Mr. Y. Praveen Kumar, Associate Professor of VJIT. Dr. B. VijayaKumar, Head of CSE department expressed his views on the importance of student participation in hackathons. The Chief Guest of the program, Mr. V. Ravi explained the importance of communication skills in the industry. He also quoted the advantages of conducting and participating in Hackathons both for the colleges and the students and its implementation in Engineering Education. He also spoke about the major challenges like quality of engineering education, effective implementation of outcome-based education and technology disruption.

J-HUB HACKATHON 2020

In association with J-HUB

10:30 am - 1:00 pm

Idea evaluation:

The chief guest along with our respected HODs of CSE and IT evaluated the ideas of the participants and suggested them in the best possible ways, queried the teams with thought-provoking questions, explained the relevance of community development projects, need for choosing a particular track and also importance of attending the event and team formation.

1:00 pm - 2:00 pm - Lunch

2:00 pm - 5:00 pm

All 50 teams started work on their respective ideas and continued implementing them.

5:00 pm - 05:30pm - Snack Break

5:30 pm - 7:00 pm - Pitching-1

First pitching was carried out by the internal team. The pitching team went through the ideas of all the batches and suggested them the required modifications.

7:00 pm - 8:30 pm - Implementation

After going through pitching-1, the teams continued to build their required prototype.

8:30 pm - 9:30 pm - Dinner

9:30 pm - 12:00 pm - Implementation

This phase depicted the development of actual project. Most of the batches prepared their respective prototype.

12:00 pm - 1:00 am - Fun activities

Recreation activities were organized with music, dance and interaction sessions among all the participants, organizers and volunteers.

1:00 am - 4:00 am - Implementation

The day started with few instructions to students regarding guidelines for the presentations. Teams worked rigorously.

J-HUB HACKATHON 2020

In association with J-HUB

1st Feb 2020

9:00 am - 11:00 am -Implementation

This is the final phase of implementation. All the teams completed their prototype preparation.

11:00 am – 1:30 - Jury

Prof. Y.Praveen Kumar introduced the jury members from J-Hub to all the participants. Brainstorming was done on the problem statement of the respective teams by mentors Mr. Kalyan.K, Founder & CEO EduTech Innovations and Mr. Sri Charan, Head of Operations at Edukinect.

Post lunch presentations started. Mentors and judges noted down the points for each presentation as per the evaluation sheet given by J-Hub.

Valedictory session:

Dignitaries, Mr. Sri Charan, Head of Operations at Edukinect and Mr. KALYAN.K, Founder & CEO of EduTech Innovations, Dr. A. Padmaja, Principal VJIT, Dr. Venugopal Reddy, Director VJIT were invited on the stage.

The event started with a report by Dr. A. Padmaja, Principal VJIT.

The Chief Guest of the Valedictory Function delivered a message to all the Hackathon participants that young Engineers must be the change agents, students should think about innovation-how to make it better and also that the government has incubated 150 startups through T-Hub, which are now in their growth stage. Dr. Venugopal Reddy, Director VJIT urged young Engineers to innovate for the better future of Indians and asked them to invent new tools and hardware that are affordable.

Winners and runners were announced and awarded with mementos and 3000 INR cash prizes.

Activity Report

Guest Lecture on Fluid machinery and concepts by Mr. Rahul Reddy, General Secretary, Reliable Environmental Services, Hyderabad on 03/01/2020

In the lecture a brief introduction about Dam Gates, Lifting & Maintenance mechanisms were discussed and awareness on Kaleshwaram Lift irrigation Project capacity and its unique features was also explained. A Tentative Project Visit Proposal and Schedule was given to the students.

Name of the activity: Guest Lecture

Title/Topic: Fluid Machinery and concepts

Resource persons/Guests: Mr. Rahul Reddy, General Secretary, Reliable Environmental Services, Hyderabad

Date: 03 January 2020

Keywords:

Dams, Gates, Lifting & Maintenance Mechanisms

Summary:

The lecture has started with Brief introduction about Dam Gates, Lifting & Maintenance mechanisms. An awareness on Kaleshwaram Lift irrigation Project, its capacity and its unique features was discussed. Fabrication and Installation activities going on at the project.

Brief introduction about Dam Gates, Lifting & Maintenance mechanisms.

Activity Report

Name of the activity: Guest Lecture

Title/Topic: Introduction to Electro-Mechanical Engineering

Resource persons/Guests: Sri . Muralidhar Ekambaram, CEO, Adroit Servo-Mechatronics, Hyderabad.

Date: 03 October 2019

Keywords:

Mechantronics, Ladder Diagram, Four Bar Chain Mechanism

Summary:

The lecture has started with an importance of Electronics Engineering applications in the domain of Mechanical engineering. It included crystalizer control unit of a Sugar factory, Cutting of paper in to the requisite size by employing the Mechatronic Instrumentation without any folding of the paper at the edges. The talk also emphasized about the four bar chain mechanism and its relevance in the planetary gear systems being employed for rolling operations. The queries put forward by the student community in the preliminaries of Mechatronic Instrumentation were clarified.

Webinar on "Cyber Security- Secure your Data"

Pantech E Learning: Live Webinar Series
It's with great pleasure and pride, that Vidya Jyothi Institute of Technology, (Autonomous), Hyderabad, Dept of CSE in association with Pantech solution and CSI Students chapter launches the A LIVE Webinar session. Live knowledge sharing sessions by industry experts on latest and trending skills and technologies. This One Hour session will provide the participants with an insight into the latest industrial standards and applications on the desired domain.

Schedules & Domains:

Thursday, October 08th, 2020 - "Webinar on Cyber Security- Secure your Data"

Timing: 04:00PM to 05:00PM

Registration link: <https://forms.gle/PA3jpaw8gEEHg2vv6>

Live Webinar Link: <https://bit.ly/3coC5DM>

Registration Fee: Free

For E_Certificate attendance form entry is mandatory

For any further details Whatsapp / Contact: Abdul Majeed, 8801122998

Important Points:

The future of learning?
The challenges of online learning?
Is learning online as effective?
Did pandemic have utterly disrupted an education system?

On 30th June, 2020
At 11:30 am

Highlights of the webinar:

Academia is experiencing massive reforms globally amid lockdown in COVID-19 outbreak. This WEBINAR is aimed to apprehend the enabling and impeding factors of these reforms, with a focus on education. It brings together how the educational system has responded to COVID-19 disruptions with findings of the 2020 survey.

- The COVID-19 has resulted in technical institute shut all across the globe. Globally, over 1 billion students are out of the classroom.
- Education has changed dramatically, with the distinctive rise of e-learning, whereby teaching is undertaken remotely and on digital platforms.
- Survey shows that online learning has been shown to increase retention of information, and take less time, meaning the changes corona virus have caused might be here to stay.
- High growth and adoption in education technology, there has been a significant surge in usage since COVID-19.
- many online learning platforms are offering free access to their services
- the unplanned and rapid move to online learning

Online education for students

Advantages:

- The ability to learn using different online tools and methods.
- No disruption in learning because of the pandemic.
- Listening to the recorded and live conversations and working at their own speed.

 18/06/2020

- In 2018, 71.7% of non-OECD electricity production was generated from combustible; 18.3% was provided by hydroelectric plants; 4.7% by nuclear plants; 3.4% by wind; 1.6% by solar; and 0.2% by geothermal, tidal and other sources.
- In 2018, across the OECD as a whole, electricity consumption by industry grew by 0.3% (+10 TWh), consumption in commercial and public services grew by 0.9% (+29 TWh), while consumption in the residential sector increased by 3.0% (+88 TWh).
- Non-OECD countries' share of world electricity final consumption has been experiencing sustained growth, increasing from 27.0% in 1974 to 56.4% in 2018. In 2018, final consumption of electricity in non-OECD countries

Why Rapid Adoption of IoT

❖ Some of the key drivers of the widespread adoption of IoT across the industries can be summarized as:

1. Advancement in Connectivity and network capabilities
2. Improvement in cloud computing
3. Invention of Data analytical tools and rapid improvement in data handling capabilities
4. Availability of low-cost devices, plus reduced computing and memory costs.

Seminar title: Seminar on "REDHAT LINUX"
Date: 24/02/2020

CSI student chapter at Vidya Jyothi Institute of Technology in association with "Prodevans Technologies", Bangluru, have organized a seminar on "REDHAT LINUX" for B.Tech III year students of CSE and IT branches on 24th February 2020.

80 students have actively participated in the seminar.

Resource Person:

Mr. Aneesh PV, Manager, Training & Certification REDHAT India, Prodevans Technologies.

Passionate about delivering solutions and training based on open source technologies, mainly REDHAT Linux.

Prodevans has collaboration with REDHAT.

Highlights of the seminar:

- Introduction to REDHAT & LINUX
- The importance of Linux operating system, and its Advantages.
- Why Linux is enterprise targeted OS.
- Growing Technologies in Linux
- Why Linux Operating System is in demand.
- Linux Coexistence with other platforms
- REDHAT Certification

Inauguration Of IUCEE Engineers without Borders EWB (India) Chapter at VJIT

Introduction:

Indo-Universal Collaboration of Engineering Education:

Indo Universal Collaboration for Engineering Education (IUCEE) was conceptualized in 2007 by over 150 leaders of engineering education and businesses from US and India. The name was modified as Indo US Collaboration for Engineering Education in 2016 to reflect the more global nature of the collaborations. The IUCEE is one of the founder members of IFEES (International Federation for Engineering Education Societies), which was the primary facilitator for the growth and development of IUCEE. The vision of IUCEE is to improve the quality and global relevance of engineering education and research in India for the benefit of engineering educators across the world. The major focus is on faculty development, student development, curriculum development, as well as improved teaching technologies & engineering education research. The IUCEE is guided by a team of Indian and International Experts from academia—Global Academic Advisory Forum (GAAF), and industry—Global Industrial Advisory Forum (GIAF). A fundamental strength of IUCEE is its network of engineering educators across the world who are passionate about the quality of engineering education, and its ties with global organizations such as International Federation of Engineering Education Societies (IFEES), Global Engineering Deans Council (GEDC), American Society for Engineering Education (ASEE), Accreditation Board for Engineering and Technology (ABET), International Society for Engineering Pedagogy (IGIP), Engineering Projects in Community Service (EPICS), Research in Engineering Education Network (REEN) and Engineers Without Borders (EWB) and the Deshpande Foundation. Leadership and experts from these organizations are regular participants of IUCEE events and programs.

Engineers without Borders EWB (India) Chapter

EWB-India is a registered non-profit Society dedicated to humanitarian service, professional learning, partnership with national and international organizations and responsible application of technology in specific projects.

Members are expected to work in teams along with others in their local or regional chapter and conceive, develop and carry out projects in line with the work and mission of “**Engineers Without Borders – India**”.

Members will have the opportunity to be associated with and participate in an extraordinary worldwide movement of professional service. They will have the opportunity to create their own projects and receive information, guidance, networking support from EWB-India Headquarters. They will receive information about workshops, conferences and other events organized from time-to-time by EWB-India and EWB-International.

A. Lakshmi

Starting a New Chapter

EWB India fulfills its mission by creating a network of chapters across the country and seed a movement of constructive voluntary work by engineering/non-engineering students and professionals in India.

Inauguration Ceremony:

On 5th December 2020, VJIT witnessed the inauguration of the VJIT Chapter of 'Engineers without Borders' (EWB). EWB is a Global Organization with Active Chapters in 45 different countries with 16,800 active members. As the name suggests, it aims at providing technical expertise through engineering students and working professionals to solve social problems.

The Morning Session was presided over by our beloved Principal Dr. A. Padmaja, who elucidated a very motivating speech highlighting the need for more such organizations and also appreciated the efforts of the students who came together to form the Chapter. The faculty advisor, Mr. Y. Praveen Kumar, Assistant Professor CSE delivered the welcome address. The event witnessed the esteemed presence of Mr. Bharat Maharaj the Chairman, EWB India. He delivered an engrossing talk on the problems faced by the world and where engineers fit into the picture. He also emphasized the importance of time over money, rightly stating that "Time is more expensive than money" and how one should spend time rather than money to help others in need.

Roles and responsibilities:

- To bring together students from all branches and any semester of course
- Should plan to host Tech Talks, Quizzes, Debates, Competitions, Projects, Bootcamps etc. and release an Event Calendar for the year.
- Since IUCEE has the mission to improve engineering education, the chapter mission should be achieved.
- Recruitment and hiring of new members in the chapter, Define and hand over roles and responsibilities as students move on.
- Create a Website for your Student Chapter either as part of your Institution Website or a free site on Google sites. Develop and maintain your website. Share the website link so that it can be included on the IUCEE website as well.
