Respected sir,

Sub: A Guest Lecture on "Electro Magnetic Waves and Transmission Lines" on
16/02/2017.

It is proposed to conduct a guest lecture on "Electro Magnetic
Waves and Transmission Lines" on 16/02/2017.. The purpose of the Guest Lecture
is to impart knowledge on Applications of Transmission Lines. It will be helpful
for students and academicians

Thanking you sir

CODING CLUB

From a Beginner to Expert

The club's motto is to Create-Build-Innovate.

Create the awareness of trends in Technology (To be a part of the changing trends, one should be aware of the core concepts and the latest advancements)
learn together and help each other so that all people of community grow with each other.
tackle any problem and explore new areas of research.

The coding club at CSE Department was started by a group of III & IV B.Tech CSE students who wanted to interact with like-minded students and explore the world of computer science. They are driven by their passion for coding and hunger to learn, which has helped the club scale new heights.

Department of CSE has started a Coding Club where all coding enthusiasts are invited. It is a group which focuses on keeping itself updated on newer and latest technology and learning them. Its main agenda is, how to write a quality code and develop applications.

C Language

JavaScript

For many years, JavaScript remains one of the most commonly used languages for programming. According to the Stack Overflow survey, 67.8% of all developers used JavaScript. It's mainly used in front-end development, which makes it possible to create highly interactive web pages. The active use of JavaScript is strongly associated with the thriving game industry nowadays.

PHP

PHP is a preferred language among website developers, especially beginners. Although nowadays, PHP is outranked by JavaScript, it is still among the trending web development technologies. In fact, approximately 70% of modern websites have been written with this language. It seems that it will remain on the top positions because of its large ecosystem, ease of use, and huge developers' community.

Python

The popularity of the Python programming (development) language is related to its wide range of applications: with Python, you can create mobile and web applications, medical tools, and network servers. What is more, Python is often used for AI development. The popularity of Python rose from 5% to 10% and it seems that its rise will continue. Experts say that Python has become so commonly used because its entrance barriers have been lowered significantly.

Subject: Re: 2 Day Android App Development

To: B Srinivas Reddy <ithod@vjit.ac.in>

Good Morning Sir,

First of all, I would like to thank you very sincerely for all the time and effort. As discussed today on phone, we are sending you the details of the Android App Development using Studio (which can be customized as per your need).

All our workshops are career oriented and intended towards increasing the employ-ability skills of engineering students. We can assure that, you will find this workshop highly beneficial for all the participants and their career prospects.

from our end We Confirm the dates for Android workshop during 22nd & 23rd of FEB 2017.

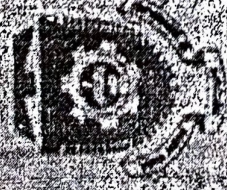

Technology Workshops and Training

Workshops for Students:

WE offers a variety of technology workshop as an excellent way to broaden your software knowledge horizons.

Our workshops are held in the computer labs and they are ALL hands-on.

ANDROID App Development Workshop

About the Program: This program is designed for the students to ensure the success in their corporate and personal life. There are many factors necessary for students to achieve their goals in life, and correct guidance and grooming them at the right time would help them to grab the right opportunities and climb the corporate ladder. This program would help students to have winning edge corporate skills.

Objective of the program:

1. To prepare students for the Corporate Jobs
2. To help students improve their technical skills
3. To build students self-confidence and self-esteem
4. To bring positive changes student's attitude and behavior
5. To impart personality development and career specific practical inputs..

Content: The program will be for two days and there will be 4 phase.

Phase 1: Day 1 (Session 1)

- 1) Introduction To Mobile Apps I. Why we Need Mobile Apps
- 2) II. Different Kinds of Mobile Apps
- 3) III. Briefly about Android
- 4) 2) Introduction Android I. History Behind Android Development II.
- 5) What is Android?
- 6) III. Pre-requisites to learn Android
- 7) IV. Brief Discussion on Java Programming
- 8) 3) Android Architecture
- 9) I. Overview of Android Stack
- 10) II. Android Features
- 11) III. Introduction to OS layers

Day 1 (Session 2)Deep Overview in Android Stack

- I. Linux Kernel
- II. Libraries
- III. Android Runtime
- IV. Application Framework V. Dalvik VM

Installing Android Machine

- I. Configuring Android Stack
- II. Creating Eclipse Environment
- III. Integrating Android with Eclipse IDE
- IV. Exploring Eclipse IDE

Sub: A Workshop on "**Ethical Hacking**" on 25-10-2016 and 26-10-2016

Respected Sir,

It is proposed to conduct a workshop on **Ethical Hacking** on 25-10-2016 and 26-10-2016. This session will give exposure on

Details of Workshop

- Networking
- Google Hacking
- System Hacking
- Sniffing
- Trojan
- Wireless Hacking
- Email Hacking
- Website Hacking

It will be helpful for students.

Thank You.

Activity Report

Name of the activity: Workshop

Title/Topic: Workshop on “Rapid Prototyping concepts”

Resource persons/Guests: Mr.Manikanta ,M.D ,Epigraph Innovative Solutions

Date: 9th Dec 2016

Keypoints:

Rapid Tooling,Rapid Manufacturing,Automotive RP Services

Summary:

The seminar started with the definition of Rapid Prototyping (RP) as a group of techniques recycle to quickly fabricate a scale model of a part or rally using three-dimensional computer aided design (CAD) data.The speaker pointed out need for RPT is:

- To increase effective communication.
- To decrease development time.
- To decrease costly mistakes.
- To minimize sustaining engineering changes

The students and faculty were able to connect themselves to the recent trends in manufacturing with Rapid Prototyping.

SEMINAR REPORT

ON

“A Seminar on Innovative materials in Civil Engineering”

-22 July 2016

Department of Civil Engineering had organized a seminar for the students of B.Tech II,III & IV Year Civil Engg Dept in Block-C, Seminar Hall, on **22nd July 2016**. The Speaker for the seminar was Mr. P. Srinivas Reddy, Chairman ICI, Hyderabad.

In the seminar, Mr. Srinivas Reddy discussed that Polymer concrete has been developed as an innovative architectural material due to its high performance as compare to conventional materials. Polymer concrete has many advantages over conventional Portland Cement Concrete, such as high mechanical properties, rapid hardening, durability, and resistant to chemical and biological effects. Sufficiently large amount of research work has been carried out during the last few years and reported that Polymer concrete has ability of application in the advancement of construction industries. In this seminar Mr. Srinivas Reddy reviewed the status of Polymer concrete and its application as sustainable building material. Later the seminar continued with questions and answers. The students were interactive and gained lots of knowledge.

To

Prof. Soma Venu Gopal Rao,
Professor,
University of Hyderabad,
Hyderabad.

Dear Sir,

Sub:Guest Lecture – Invitation – Request - Reg.

We the Department of Humanities & Sciences, Vidya Jyothi Institute of Technology, Hyderabad is organizing guest lecture as a part of curriculum to give recent advances in the field of Physics. In this connection, we are privileged to invite you for an expert technical talk on **“Laser Spectroscopy for Explosives Detection”** on 06/05/2017. Your positive response in this regard will be recorded with great esteem. One of our faculty members will be in contact with you for necessary arrangements and assistance.

Thanking you,

Yours sincerely,

PRINCIPAL

Vidya Jyothi Institute of Technology (Prof. M. Rajendra Prasad)
