# ABOUT US

We are the team behind the enthralling events that take place in our distinguished institute Vidya Jyothi Institute of Technology.

Yukthi conducts events through the year on various programs to imbibe these values in our students. Events such as International yoga day, well being seminars, spiritual retreats, intuitive knowledge, meditation and many other activities have been conducted through the year. We have a good student turnout to these events and it has a profound change in them which improved their ethics and values drastically.

We also look to provide life skills to students and make them apt in handling real life problems. We believe in handing out responsibilities and look to nurture our own future leaders that can stand head to head with any individual on a global stage.

We bring joy on campus and help in making memories for students that they can cherish!
