

Until 2015 VJIT had a NSS (National Service Scheme) team which had done various social service activities and awareness programmes at various platforms under NSSJNTUH. NSS provided fund or support for a particular number of students in campus, VJIT had a large number of volunteers who were very much interested in social service activities. Our college students later came up with an idea of starting a college club which will have a large number of volunteers who can help in various events conducted by NSS VJIT wing.

To satisfy the interests of volunteers and to provide a better support along with the NSS wing a new club was started on 23rd of March, 2015 by Rohith Kumar Thotla, a student of Dept. of Civil Engineering, VJIT. Our college management had provided an immense support in implementing this idea. Though the club was started by a department but had volunteers and well-wishers (faculty) from all the departments. Rohith Kumar Thotla as the 1st president of the club along with his team conducted various events independently and in support to NSS VJIT wing.

HITAIN's believes in the words of "Service to Mankind is Service to God" but this should be done with pleasure and hence it brought us the thought of forming a Club named "HITA-Service with Pleasure" meaning..... Today all of us are busy in our world and very few have the thought and notion of helping others. We being just student's whose hands are tied up with future goals and responsibilities towards our life and family, have still decided to spare our free time for the cause of society and share our love and gratitude to the destitute and the needy ones. The idea of forming HITA was very much appreciated by our college friends and well-wishers. Though it took many days to understand from where we should start, we first took up Swachh Bharat events and which gave us the confidence to do more and to keep working for the Good cause.

1st anniversary celebrations in presence of principal madam, HOD of dept. of civil, HOD of dept of IT, faculty incharge Nidhi madam and Goutham sir.
