21. Give three observation / suggestions to improve the overall teaching – learning experience in your institution

- Good
- Everything is good
- Nothing to say
- Everything is fine
- Excellent teaching
- My institution have good teaching facilities in all aspects
- Try to reach every student and ask for their doubts
- Improve teaching skills
- Practical Teaching would be better
- Focus on live projects
- Use better graphics and visual media to engage students well. Try to reach every student and ask for their doubts. Make teaching a two way interaction
- Interacting with students
- Practical explanation
- Digital classes
- Need to check how good the faculty teaching how good they are in communicating with students
- Students interaction should be give more priority so they can come and speak in front of everyone
- 1)Building bond between students
- 2) Encouraging the students doubts and clarifying
- 3) Providing opportunity to all students to participate in any activities such as internships, visiting industry etc....
- They want to teach practical knowledge and have experience to do something in country total doing habited teaching
- Giving more information
- To improve more and more than Present Learning experience
- "Explanation with examples
- Practical work
- Give answers when students ask's questions
- Projector classes are mandatory
- Maintain every student discipline
- Encourage the students towards internships, workshops and industrial visits
- we have a good faculty but they could use better aids to help communicate with the students
- proper planning, clarifying doubts properly
- use other digital platforms
- give problems to student to practice
- Through practical explanation
- Providing experimental exposure
- Depth knowledge of subjects
- Help the students to improve their skills
- If teachers can explain with examples and taking to labs can help full
- Having the time for some sort of Sports is better
- Use better graphics and visual media to engage students
- Try to reach every student and ask for their doubts
- Build a positive relationship with students
- Should come up with more extracurricular activities
- should not stress students with extra college hours while examinations approach as majority of people doesn't show interest in attending college on Saturday, we need holiday on every Saturday

Vidya Jyothi Institute of Technology

An Autonomous Institution

(Accredited by NAAC, Approved by AICTE New Delhi & Permanently Affiliated to JNTUH)

Aziz Nagar, C.B. Post, Hyderabad-500 075

- Better to use projectors for more understanding purpose
- Practical knowledge should be improved, improve the individual thinking knowledge by providing guidance and encourage their passion in their fields
- adopt modern way of teaching techniques
- student should be encouraged in all the formats
- more and more experimental projects should be done by the student"
- Improve conceptual teaching
- "Engineering is something which must be practical and teachers must ensure that the students are aware of the practical things and teachers must not be obsessed with students marks only.....they need to encourage for projects and internships and they themselves must have minimum knowledge about the subject.
- Syllabus is out dated and i think it must be updated with latest technologies"
- 1.The lecturers should not teach by seeing note book or test book 2.They should explain the concepts with live examples 3.The lecturers should clarify the doubts of students within the time
- "Few chapters teach practically with the help of labs, Play ground, Library issues"
- "Provide us material for every topic, Encourage field visits and student exchange, Provide opportunities for extracurricular activities, Explain classes in an interesting manner"
