SPIE (Society of Photo-Optical Instrumentation Engineers)

About SPIE

SPIE, the international society for optics and photonics, was founded in 1955 to advance light-based technologies. The SPIE international office is located in Bellingham, Washington and the SPIE Europe office is located in Cardiff, Wales.

The not-for-profit society advances emerging technologies through interdisciplinary information exchange, continuing education, publications, patent precedent, and career and professional growth serving 255,000 constituents from 183 countries.

SPIE annually organizes and sponsors approximately 25 major technical forums, exhibitions, and education programs in North America, Europe, Asia, and the South Pacific, where more than 35,000 scientists, engineers, and entrepreneurs showcase the latest innovations across a wide range of technologies.

VJIT-SPIE Chapter Establishment

On 18 October 2012, an official approval from SPIE was granted and our student chapter was formed. It was decided to have scheduled weekly meetings in order to discuss developments and progress in various fields of interest to the members.

Appointment of Chapter officers for the Academic Year 2019-20

S. No.	Position	Name of the faculty/student
1	Advisor	Dr. M. AnandPandarath
2	President	VenkataSaiKrithikPothula
3	Vice President	ChallaSindura Reddy
4	Secretary	Durga Prasad Voodi
5	Treasurer	B. Vishal Reddy

4	Vice President	PuttaSaiSrinath
5	Secretary	K. Tarun
6	Treasurer	BinduRajupalem
7	Outreach Program Coordinator	AdarshKaasula
8	Program Coordinator	Soda Manogna Reddy

Total Number of student members in the professional chapter: 20

VJIT-SPIE Students during the chapter officer selections

Activities and Participations:

S.No.	Activity/Participation	Program	Place
1	Activity	Optics Education and Outreach	ACTS Primary, Himayathnagar, Hyderabad
2	Activity	Inhouse Research activity on optical properties of thin films	VJIT
3	Acitivity	Visiting Lecture on Prospects and benefits of SPIE	VJIT
4	Activity	High School students Visit to Physics Laboratory	VJIT

OPTICS EDUCATION AND OUTREACH

The student members came up with fun experiments, easy activities, interesting facts and other resources related to optics for the kids. At the end of the event a quiz was conducted and optical kits were given out to kids who answered correctly. This was mainly to increase their enthusiasm and interest towards optics and photonics. Posters and optical kits were also left with the schools for future use by kids. We received a good response from the kids.

VJIT-SPIE students/ teachers at ACTS School during outreach program

School children educated and trained to demonstrate the chromatic nature of white light with the experimental setups received from SPIE

SPIE student member demonstrating optics phenomena like partial reflection of light using outreach kit. School students were keen to observe the multiple paths of laser beam transmitted and reflected from the various mirrors in the setup.

School children actively participating in the demonstration of splitting of white light into VIBGYOR colors using rainbow peephole

Students made to understand the basic principles of physics instruments used in the school laboratory.

Inhouse Research Activity carried out in Physics Laboratory

Experimental work being carried by the VJIT-SPIE student's in the optics lab of VJIT. The variation of optical properties of solutions and thin films with different compositions are some of the studies carried out by the students

Visiting Lecture

High school students visit to VJIT laboratories

School students from different places invited to VJIT-SPIE, educated and trained them in various fields of optics with insight to the practical applications of optics, recent trends and scope of optics education.

Optics Education and Outreach

The program aimed to create awareness and interest in various phenomena related to Optics and photonics.

Optics outreach program at an Orphanage

A visit by students of a local school

The chapter invited students from a local school to the laboratory to create awareness and understand the lab related activities. The students got an opportunity to visit the Optics lab at Physics department. The chapter members created a lot of interest in Physics among the school children. This activity was arranged as a part of celebration of IYL –2015.

Students interacting with Prof. Hiroshi

Research activities by chapter members

Chapter members are carrying out research work and actively participating in research activities. SPIE Student Chapter Members Mr. BadrinathVadakkapattuCanthadai, Mr.

Kumar Ravi, Mr. P. Anurag Reddy and Mr. M. Esakkimuthuraju are working on developing Surface Roughness Sensor, Tilt sensor, Refractive index sensor. For the first time, SPIE Chapter established a research lab named Fiber Optic sensor Research Lab in

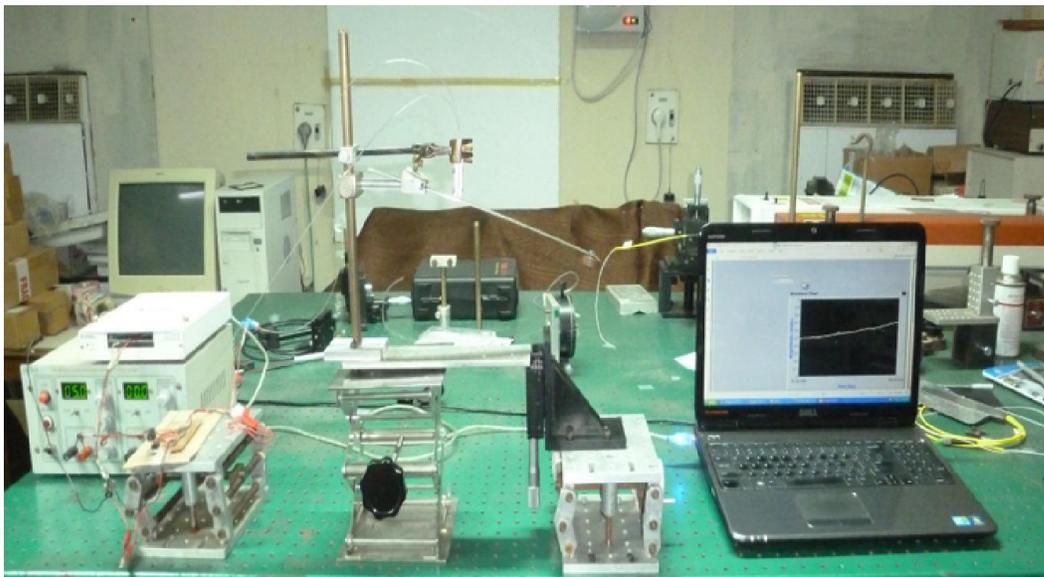

Dept. of Physics.

S.No.	Event Conducted Under Web Club	Event Photo
1	Windows Phone App Development Training On 27 th January 2017 Mr. Santhosh Kumar, R & D Engineer, 3X3 connect Hyd.	 <p>The photo shows a man in a white shirt standing next to a large projection screen. The screen displays a slide titled 'What?' with a list of Smart Phone OS options: iOS (Apple) [iPhone], Android (Google) [Samsung, LG, Motorola, Sony, Micromax, ...], Windows Mobile (Microsoft) [Nokia], BlackBerry OS (BlackBerry), Palm OS (HP), Bada (Samsung), FireFox OS (Mozilla), and Tizen (Open sourced Linux Flavoured OS).</p>

Academic Year 2015-16

S.No.	Event Conducted Under Web Club	Event Photo
1	A Two day workshop on AJAX On 15 th &16 th February 2016 by Mr. I.Rajesh Varma, Manager-UI, NetEnrich Technologies	 <p>The photo shows a large group of people, mostly women, seated in rows of chairs in a well-lit hall, attending a workshop. Some are looking towards the front, while others are looking at materials in their hands.</p>

ANDROID CLUB

Academic Year:-2019-20

S.No.	Event Conducted Under Android Club	Event Photo
1	Event: A Two-Day workshop on Android Application Development Date: 14-02-2020 to 15-02-2020 Resource Person: Rakesh Kumar, Managing Director, 360 Digrii Training, Consulting & Outsourcing, Hyderabad	

Academic Year:2018-19

S.No.	Event Conducted Under Android Club	Event Photo
1	Event: A Two Day workshop on Android Fundamentals Date: 10-08-2018 to 11-08-2018 Resource Person: Rakesh Kumar, Managing Director, 360 Digrii Training, Consulting & Outsourcing, Hyderabad	

Academic Year:-2017-18

S.No.	Event Conducted Under Android Club	Event Photo
1	<p>Journry of Students into Andriod App development Time: 9:00am to 3:45pm Date: 23rd & 30th December 2017. By Mr. B Vikas, Assistant Professor, CSE VJIT</p>	
2	<p>A One Day work shop on “Java & Android-The Coexistence” is conducted for the 141 registered student of II & III year of CSE/VJIT” on Saturday 16/12/2017 from 9:00am to 3:45pm under Android Club.</p>	

Academic Year:-2016-17

S.No.	Event Conducted Under Android Club	Event Photo
1	<p>A seminar on “Application for Education” 23rd & 24th December 2015 By Mr.Ch Dwarkanath, Director, Implementation and Training</p>	

Academic Year:-2015-16

S.No.	Event Conducted Under Android Club	Event Photo
1	<p>A two-day workshop on “Android programming for smarter application” held by CSE department on 10th and 11th of September 2015 under CSI chapter and Android club</p> <p style="text-align: center;">By Mr. Dinesh, CEO of Quadrium Softwre Ltd.</p>	

VIDYA JYOTHI INSTITUTE OF ENGINEERING & TECHNOLOGY

Department of Computer Science & Engineering

Inauguration of Developer Student Club

06/01/2018

Developer Student Community is a community group for our college students interested in any developer technologies. Students from all programs with an interest in growing as a developer are welcome. By joining a DSC, students grow their knowledge in a peer-to-peer learning environment and build solutions for local businesses and their community. It includes various activities designed based on the Computer Science curriculum.

The Faculty and Students Coordinators

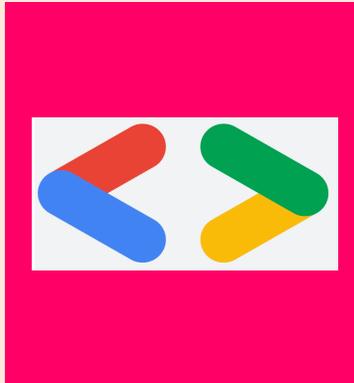

Workshops on Saturdays and Assignments during the week.

Beginners Android Workshop is designed for university Computer Science students to learn about the Android IDE (Android Studio) and the Android programming language basics. The program uses both the programming languages Java and Kotlin. By the end of this workshop, students could create their own Android Apps without any external help.

Student Facilitator for the Workshop: Ashfaq Nisar (16911A05F4)

Total Attendees: 20

Target: 2nd Year CSE/IT

Student Facilitator guiding other students during the Workshop

2 Batches of Workshop on Applied CS with Android

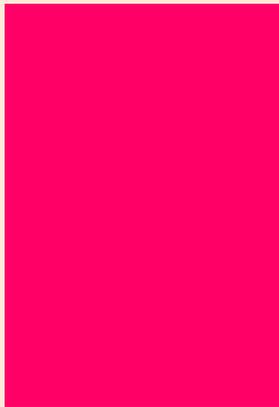

Batch 1: 3 Weeks (09th Feb to 24th Feb), 2018

Batch 2: 3 Weeks (09th March to 24th March), 2018

Applied with CS Android facilitator, Prasenjeet Paul (14911A0536) delivered knowledge of Computer Science (CS) through Android as a medium as part of the workshop. This helped the students to understand the practical approach of CS concepts and also in understanding Android and building efficient Android apps. As part of the workshops, the participants developed some games applying the advanced Data Structures and Algorithms using Android as a platform.

Targeted Audience : 4th year CSE/IT Students

Expected Audience : 40 members

Participants developing Android Apps during the Workshop

An example of certificate to a student

2 DSC Sessions on Product Marketing

05/03/2018 & 23/03/2018

By: DSC Lead, Suresh Goud Mula

Inauguration of ICI Knowledge Centre

on 14.09.2019

“Starting today, we must pick ourselves up, dust ourselves off, and begin again”

Highlights

Er. P. Srinivas Reddy, Chairman, ICI Telangana, **Dr. M. Venkateswa Rao**, Vice Chairman, ICI, **Er. N. Mavul Rao** ICI, Secretary, **Prof. R. Ramesh Reddy**, Former Dean and Principal of University of Engineering, **Dr. P. Venu Gopal Reddy**, Director, VJIT, **Dr. Padmaja**, Principal VJIT, **Dr. Pallavi Badry**, Head of Department, Civil Engineering, VJIT, inaugurated ICI knowledge centre.

Engineer's Day celebrations

The Civil engineering Department VJIT celebrated “Engineer Day” on 14th September 2019. It was the day 153 years ago that this great contributor to growth and engineering was born. Engineers operate at the interface between science and society. To identify the great works done by our hard-working engineers every year, 15th September is celebrated as “Engineer's Day” marking the birthday of Sir Mokshagundam Vishweshwarayya, recognizing his contributions in the field of hydro power energy in India.

Highlights

- ❖ Er. P. Srinivas Reddy, Advocate of Prime Law Associates & Chairman, ICI Telangana, acted guest of honor.
- ❖ The event continued with the technical presentation on “**Next Generation Concrete**” by Er. N. Srinivas Rao Regional Head (Technical services) Ultra Tech Cement Limited Telangana.
- ❖ Group discussion, Essay writing competition was conducted on this day for the of civil Engineering students and distributed the prizes.

One Day Seminar on Career Opportunities in Civil Engineering

“Civil engineers create, improve and protect the environment in which we live”.

The Department of Civil Engineering, VJIT Conducted seminar on “**Career Opportunities in Civil Engineering**” on **25.10.2019**. It was started with a brief addressing by Dr. Pallavi Badry, Head of Department, and Civil Engineering and also explained about the three technical sessions.

Highlights

- ❖ Mr. Rahul Reddy, AGM in reliable environment services had delivered his speech on “**The Importance of Site Job in Construction Industry**” to the students.
- ❖ The session was continued by Mr. CH. Ravikumar, AGM in NAC, liaison placement officer, had given his lecture on “**Career Options In Construction Industry**”.
- ❖ Later the seminar was continued by Mr. K. Samiddin, AGM, Manhattan reviews, Hyderabad on “**Incubation Awareness & Opportunities**”.

One Day Seminar on Entrepreneurship and Start-ups across Interdisciplinary Engineering Courses: Opportunities for the Youth held on 01.11.2019

“The way to get started is to quit talking and begin doing.”

The Department of civil engineering, VJIT, organized a guest lecture on “**Entrepreneurship and start-ups across in disciplinary engineering courses**”. The Seminar Was started with a Brief Addressing on gathering by Head of Civil Department Dr. Pallavi Badry and Explained about the Importance of the Session.

Highlights

- ❖ Dr. Y. V. Rao, Professor and Dean-research and Development, Garden City University has Delivered Speech on “Entrepreneurship and Start-ups across Interdisciplinary Engineering Courses.

**One day Seminar on “Cyber Crime Awareness”
Under Cyber Jagruthi Programme held on
02.11.2019**

“Criminals are using every technology tool at their disposal to hack into people’s accounts. If they know there’s a key hidden somewhere, they won’t stop until they find it. At the end of the day, the goals are simple: safety and security”.

A One Day Seminar On “Cyber Crime Awareness” Under Cyber Jagruthi Programme was organized by department of Civil Engineering, VJIT Hyderabad on 02 November 2019.

Highlights

- ❖ Mr. Rupesh Mittal, CEO, Cyber Jagruthi has given awareness on **Resolving the Cyber Crime Issues.**
- ❖ Ms. Debaratihalder and Mr. K. Jaishankar members of cyber Jagruthi further defines cyber crime in the prospective of gender and defined „cybercrime against women’.

A Study Tour to Kaleswaram Project between 02.12.2019 to 03.12.2019

“Just to travel is rather boring, but to travel with a purpose is educational and exciting”.

A visit to kaleswaram project was organized by the Department of Civil Engineering for Third Year students from 02.12.2019 to 03.12.2019. To attain the practical knowledge about Lift Irrigation. It is “World's Largest Lift Irrigation Project initiated by Telangana CM K Chandrashekar Rao garu with 28 packages and 7 links. They have visited Kannepalli pump house which pumps water towards other barrage. It is India's largest pump house.

Highlights

- ❖ Out of 7 links our students have visited 1 link (Annaram Barrage & Sundilla Barrage). The budget for entire Kaleswaram project is around 80,500 crores.
- ❖ With this project around 35 acres of land will be irrigated. The lifting of water from those barrages is done up to Hyderabad.
- ❖ The main thing is that the construction is done in forest lands.
- ❖ They also visited “Triveni Sangamam” where three rivers (Pranahitha, Godavari and Saraswathi) meet at one place and a historical temple of lord “Kaleshwara Muktheeshwara”.
- ❖ In this way our students gained some practical knowledge about the irrigation project and some imaging knowledge, learning practically, actually how lifting or pumping will be done.

Faculty Development Programme on Problem Based Learning

held from 02.12.2019 to 06.12.2019

One – week faculty development program was organized by Civil Engineering Department on “Problem Based Learning” in collaboration with NITTTR, Kolkata, and West Bengal in duration 2nd to 6th Dec 2019 through ICT mode.

Highlights

- ❖ Around 14 faculties from civil engineering department, VJIT were registered for this FDP and 1046 total number of participation at the National level.
- ❖ FDP aims to provide opportunities to faculty members to enrich their technical knowledge in the field of teaching. The FDP also intends to develop the knowledge of participants for long term knowledge retention and transfer learning skills, develop skills to identify a problem and design an appropriate solution for it.
- ❖ The FDP includes the sessions on Traditional learning and learning theories, why PBL and its curriculum (Dr. Indrajit Saha), Principles of Problem Design, PBL Tutorial Process (Dr. Kinsuk Giri), Assessment and evaluation in PBL and grading criteria (Dr. Sagarika Pal), implementation issues of PBL, Role of tutor and students in PBL (Dr. A. K. Mondal) and several case studies by course faculty.
- ❖ The FDP followed by the online examination where the outcome of the FDP assessed by several questions on the course content.

A Technical talk and award ceremony of concrete technology under Ultra tech Cement in association with ICI chapter, Telangana held on 21.12.2019

A Technical Talk was organised by Department of Civil Engineering, VJIT in association with ICI student chapter.

Highlights

- ❖ A “**Technical talk on Good practices**” by Er. S. Santhosh Territory Technical manager, Ultra Tech cements limited, Hyderabad.
- ❖ A speech on “**Project developments of Ultra Tech**” by Er. Venu, Technical Territory Technical manager, Ultratech cement limited.
- ❖ Later “**UltraTech Outstanding Performance Award**” was presented to Ms. Amrutha, UG final year student.

Town Planning Event held on 04.01.2020

An event "Town planning" was conducted by Student club - DELTA of Civil Engineering Department, VJIT.

Highlights

- ❖ In this event all the students from UG level have participated.
- ❖ The students were given 45 minutes to present the Town Plan with the given data.
- ❖ Mr. M. Ashwin Kumar, Assistant Professor & Mr. Ratnakar Goud, Assistant Professor of Civil Engineering Finalized the result and declared the 3 winners.
- ❖ Dr. Pallavi Badry, Head of the Department distributed the prizes for winners.

Technical Talk on The application of CADD in Technical Practices held on 10.01.2020

The Department of Civil Engineering, VJIT organised a Technical talk on Applications of CAAD in Technical Practices. **AutoCAD** is widely used in the civil engineering field because of its ability to **plan sites a lot easier than hand drawings**. The main thing is that if you want to **draft any civil engineering structure** (2D, 3D) such as buildings, bridges, roads, drainage, pipeline, dams, intersection etc. with accuracy, speed and that can be easily edited, **AutoCAD is the best option**.

Highlights

- ❖ A technical talk about the civil related technical Practices and their importance in the civil Engineering and a detailed explanation about each and every software is given by **Mr. Jagadish Kumar**, Centre Head, CADD centre, Hyderabad.

Industrial Visit to Ultratech Ready Mix Concrete Plant Bachupally held on 24.01.2020

The Department of Civil Engineering, VJIT has organized an Industrial Visit to RMC PLANT Bachupally for Second year Students.

Highlights

- ❖ **Er. Maher Ragavendra**, Plant Engineer, RMC plant gave the instructions about road safety and the ready mix concrete.
- ❖ **Er. Satish, Er. Ragavendra**, Plant Engineer RMC plant has guided students and clearly explained about the Material, Mixture of concrete, Ready-mix concrete units and the advantages of using ready mix concrete.

**Industrial Visit
To
National Institute of Rural Development and Panchayatraj (NIRDPR)
held on 25.01.2020**

The Civil engineering department, VJIT has organized an industrial visit to “National Institute of Rural Development and Panchayatraj (NIRDPR)” For UG III year students, on 25 January 2020.

Highlights

- ❖ The Technical park inductions have been given by Er. Raghavendra.
- ❖ All the students visited the different houses made of compressed stabilized earth blocks & natural materials like stone, bamboo etc.

Brick Bond Event held on 25.01.2020

“Events can improve the thoughts of students, in applying the theoretical knowledge of subjects to complete the given tasks”.

The department of Civil engineering organized the event “Brick Bonds”.

Highlights

- ❖ In this event all the students from UG level have participated.
- ❖ The students were given 45 minutes to present the Brick Bonds.
- ❖ Mr. I. Praveen Kumar Reddy, Assistant Professor & Mr. Prem kumar, Assistant Professor, Civil Engineering finalized the result and declared the 3 inners.
- ❖ Dr. Pallavi Badry, Head of the Department distributed the prizes for winners.

Two Day National Workshop on Cutting Edge Practices in Sustainable Infrastructure Development held on 28.02.2020 to 29.02.2020

“Workshop Ensures Quality teaching learning process to provide in-depth knowledge of basic concepts, principles and applications of processes, tools and systems for the students”.

Workshop was inaugurated by Principal, VJIT Dr.Padmaja and Head of Civil Engineering department Dr. Pallavi Badry and Prof. Ganesh Babu, Former Director CBRI-CSIR, Former Prof. IIT-Madras, Eminent Prof MEC, Hyderabad.

Highlights

- ❖ The session was started with a technical talk on Ultra high Performance Concrete and detailed explanation on sustainable green cementitious material technology by Prof. K. Ganesh Babu, Former Director CBRI-CSIR, Former Prof. IIT-Madras, Eminent Prof MEC, Hyderabad.

- ❖ The session was continued by Prof. I. Rama Chandra Reddy, Director, NITS, and Hyderabad. He explained the concepts and knowledge that should be involved in designing the Highways and the importance of the Transportation Engineering and the requirements of the highways were explained.

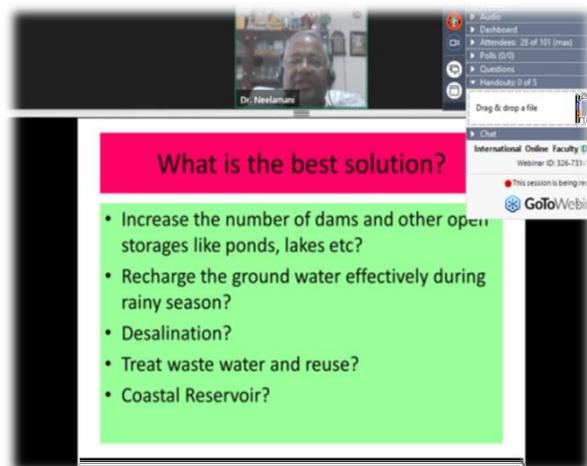

International online Faculty development Program on Recent Advances in Civil Engineering held on 10.06.2020 to 12.06.2020

The three days International online Faculty development Program on Recent Advances in Civil Engineering organized by the Department of Civil Engineering, VJIT on 10 – 12 th June 2020. Over 55 faculty members took part in the webinar from various institutions.

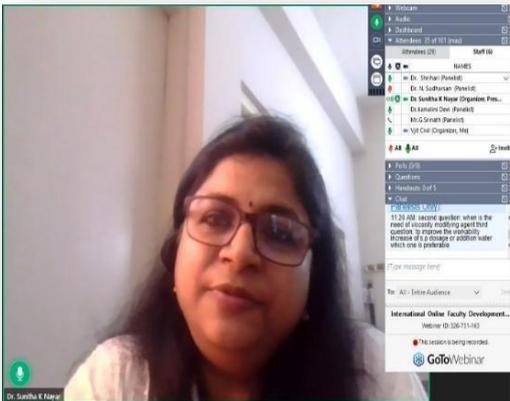

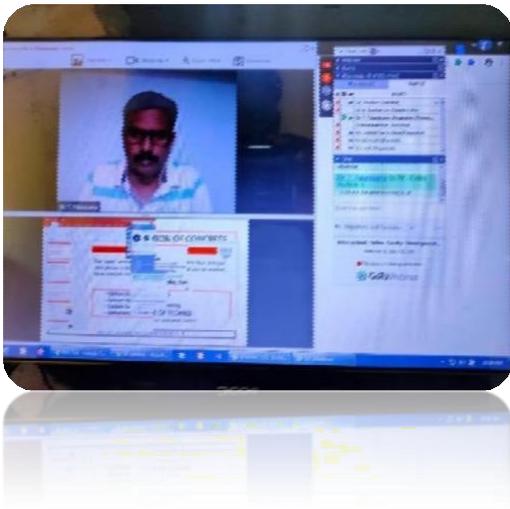

The welcoming address is given by Dr. Pallavi Badry Head of the department of Civil Engineering and a brief introduction about the importance of the session.

Highlights

- ❖ First session was started by Dr. Subhash C.Yaragal, The Dean and Professor, National Institute of Technology, Karnataka, Surathkal. He gave a detailed explanation on the Recent efforts towards sustainable development and the importance in the present situations. The session was ended with the queries of the attendees.
- ❖ Next session was started by the Dr. S. Neelamani, Senior Research Scientist , Kuwait Institute for scientific Research, Kuwait. He gave the different innovative solutions for the water scarcity problem facing the present time and the implementation of these ideas that make our future free from the water scarcity. The session was ended by the queries of the attendees.

truction and the use of BIM in construction Industry and the principles involved in it. The session was ended by the queries of attendees.

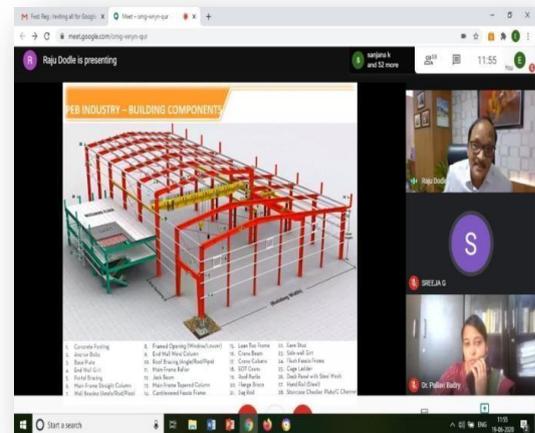

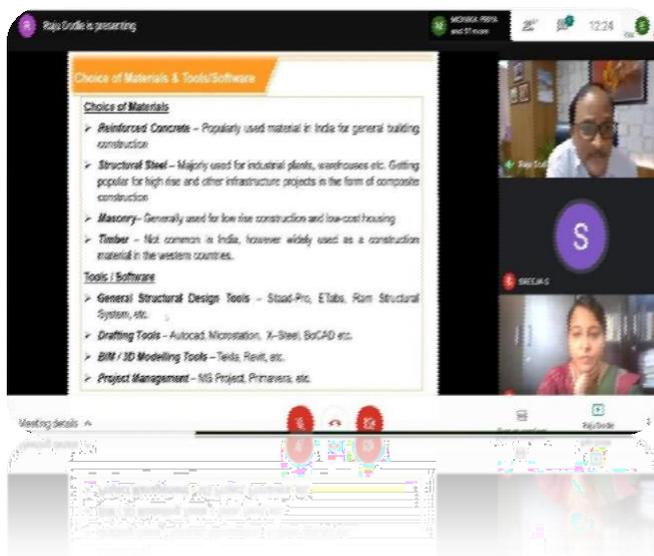

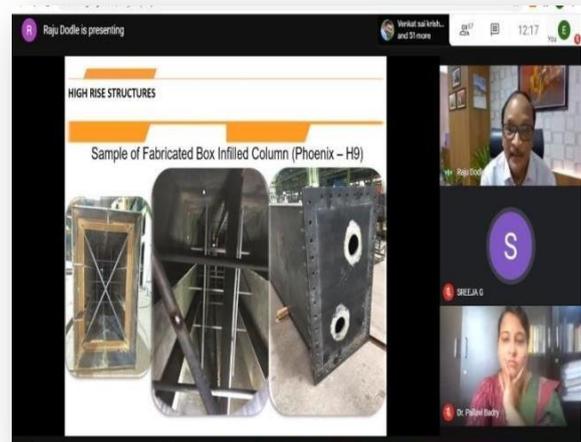

Lecture on Recapturing Advanced Technologies in Civil engineering for Job sustainability held on 19.06.2020

“Advanced Technology makes everyone involved in the project to collaborate more quickly and effectively”.

A Lecture was organized by Department of Civil Engineering - ICI student chapter in Collaboration with Confederation of Indian Industry (CII) on 19 June 2020 with the welcoming address by Dr .Pallavi Badry, Head of the Department, Civil Engineering and followed with Presidential Note by Dr. E. Sai Baba Reddy, Director, VJIT and welcomed the key note speaker of Webinar Mr. D. Raju , M.D & CEO of Kirby Building Systems and Structures .

Highlights

- ❖ Over 250 Faculties, Research Scholars, Students took part in webinar from various Institutions.
- ❖ Mr. D. Raju delivered lecture on Pre-Engineered buildings, ware houses, processing facilities and the utility of available infrastructure and the advances in construction of Green Buildings, High raise structures.

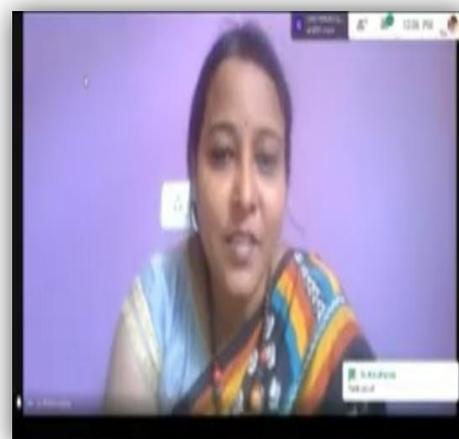

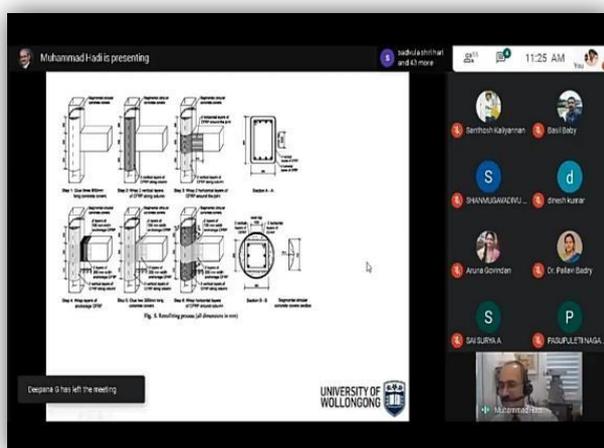

Lecture on Research Techniques and Tips for Article writing held on 03.07.2020

“There is a vast array of writing behind any civil engineering project. The proper technical writing explains related ideas to technical and nontechnical audiences”.

The International Webinar was organized by the Department of Civil Engineering, VJIT in association with ICI student chapter. Dr. Pallavi Badry, Head of the department of Civil Engineering gave a brief introduction about the key note speaker Dr. Muhummad Hadi Associate Professor, school of Civil, mining and environmental engineering university of wollongong, Australia.

Highlights

- ❖ Over 450 Students, Research scholars, Faculties took part in the webinar from various institutions all over the world.
- ❖ Dr. Muhmmad Hadi delivered many ideas and format that should use while writing the journals and suggested lot many tips to complete the journals in the effective way.

Annexure - I

Engineer's Day celebration held on 15.09.2018

In remembrance of Sir Mokshagundam Vishweshwarayya, the most outstanding Engineer of all times, the Civil Engineering Department of V.J.I.T. has celebrated "Engineer Day" on 15th September 2018. It was this day 150 years ago, that this great contributor to the field of engineering was born. Engineers operate at the interface of science and society. To recognise the shear efforts of engineers, every year on 15th September we celebrated "Engineer's Day" marking the birth of Sir Moksha Gundam Vishweshwarayya, reminiscing his contributions in the field of hydro power energy in India. In Vivekanand Education Society's Polytechnic, we have celebrated the Engineer's day by organizing technical events for the students of 2nd, 3rd and 4th year. In all events put together, (approximately) 100 students have participated.

Chief Guest:

- Er. K. Narasing Rao was the chief guest for the day who is GM & Head / Engineering Division, Volta Green Structures, Hyderabad. He has given his valuable speech on the upcoming and ruling techniques in the field construction.
- Poster presentation and paper presentation competitions were held in which students have presented their brilliant ideas. All of them had given their best performances. In the end two posters and two papers were selected for the prizes the event was followed by quiz.
- After lunch we continued with quiz competition. All the participants have answered the questions with their smart answers. The best participants were selected as winners.
- At the end of day all the winners were awarded with prizes from HOD.

Orientation Day for civil Engineering Students held on 18.09.2018

Vidya Jyothi Institute of Technology, Hyderabad, organized an orientation programme for the newly admitted B.Tech students at the institute premises on 18 September 2018. The major objective of the programme was to make students aware of the academic aspects of the course, the rules and regulations of the Institute and Code of Conduct.

Highlights

- Dr Palla Rajeshwar Reddy, in his address motivated students to be professional engineers as although a large number of engineers are produced in India every year, only a few of them turn into professionals. Director of VJIT, Dr. P. Venugopal Reddy expressed delight over the fact that the VJIT Institute had already become a much sought-after institution for engineering studies in the Telangana region. Dr. Pallavi Badry, Head, Department of Civil Engineering Department, informed the students about the various facilities available in the institute for the students.
- Apart from dignitaries, Mr G. Srinath and Mr. G Satya Prakash, Asst Professors have given a lecture on "Contribution of Civil Engineering Towards the Society" and "Evolution of Civil Engineering", apart from the lectures they have also given motivational speech and also conducted sessions to make students aware about the changes which are going to occur after entering college life.
- The program ended by creating a significant impact on the students of the college and motivating them to achieve great heights.

Two Days National Workshop on Industry Academia Practices in Civil Engineering Construction held on 12.10.2018 to 13.10.2018

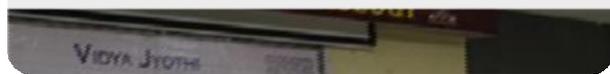

Industry Academia Interaction and Collaboration plays a vital role in the learning process of students as it makes students ready for the industry dynamics.

In collaboration with Indian Concrete Institute (ICI), Civil Engineering Department, Vidya Jyothi Institute of Technology Organised a Two - Day National Workshop on “Industry Academia Practices in Civil Engineering Construction” to bridge the gap between Brainer and Industry.

Highlights

On the first day, Prof. Pradeep Kumar Ramancharla, Professor and Registrar IIIT-H, Dr Pallavi Badry Head CE, A. Padmaja, Institute principal and Prof. Venugopal Reddy Institute Director have inaugurated the workshop. Prof. Ramesh Reddy, opening speaker who held the several prestigious positions in Osmania University and retired as a dean OU has enlightened the gathering on “Practices in Concrete Construction”, followed by Dr. T. Senthil Vadivel (Professor at VJIT) give a presentation on “An Acumen of construction Industry Essentials”. Apart from this the workshop includes numerous innovative talks by Industry Professionals, Mr. Pawan Pachigolla (Tech Manager PSV Precast), Mrs. G. Venkatalaksmi (Sr. Scientist, ECIL) and also Mr. Srinivas Reddy (Chairman ICI and MD rehab structures).

More than 300 participants took the advantage of this event from several Engineering Colleges in and around Telangana.

One day workshop on Entrepreneur Journey held on 01.10.2018

- A one Day Workshop on “Entrepreneur Journey” has been organized by VJIT’s ED cell on 1st October 2018, to instill the passion and spirit among the students to pursue entrepreneurship.
- The event motivated students to develop their own start-ups and also helped students to improve their network with entrepreneurs and get insight of the field. The workshop helped students set a business incubation centre in the institute.

Two Days National Conference on Advances in Frontier of Civil Engineering held on 21.12.2018 to 22.12.2018

A two-day National Conference on “Advances In Frontier of Civil Engineering” (NCAFCE 2018) was held at department of Civil Engineering, VJIT, Hyderabad which was scheduled on 21st& 22nd, December, 2018. The conference was inaugurated by Prof. Venugopal Reddy S, Institute Director, Prof. A. Padmaja, Institute principal, Dr. Pallavi Badry, Professor and head Civil Engineering department and Prof. M. R. Madhav Emeritus, JNTU, Hyderabad & Visiting Professor, IIT-H, Chief Guest for the inaugural session. The inaugural session was witnessed with several Faculties, Delegates from other colleges an Head of the departments of the other engineering department of VJIT. Prof Madhav addressed on the imparting innovations and research in engineering domain. The inaugural was followed by the opening of the conference proceeding by chief guest.

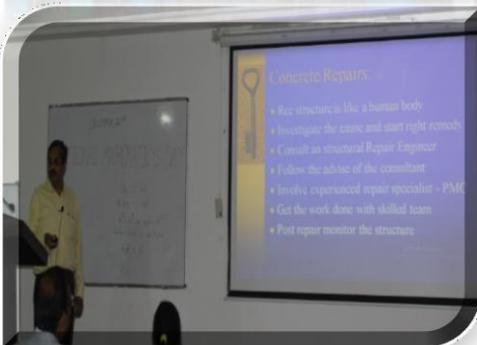

Inagural followed by keynote of prof Madhav:

The inagural is followed by the 2 consecutive keynotes By Prof. Madhav on “Geotechnical Practices: challenging examples” and Prof Seerishsaride (Professor IITH,CE) on “Modelling on Vaccum consolidation of clay” The keynote parallel sessions geotechnical engineering practices.

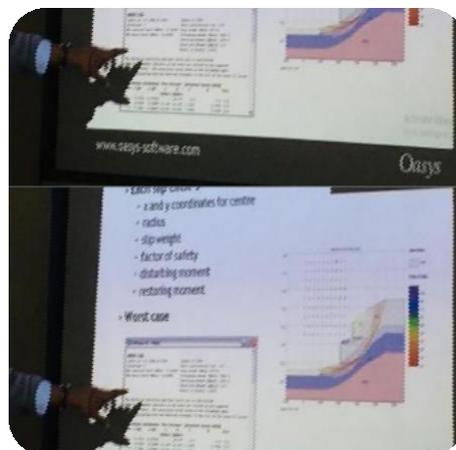

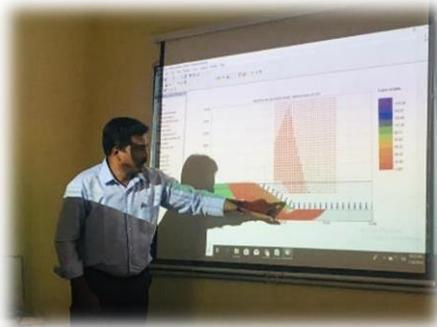

Highlights

- The second day of conference was started with 2 keynotes at morning session by Prof Senthil Vadivel (Prof VJIT) on “Construction practices on concrete technology” and Mr. Ravishankar (Technical Lead, ARUP India Pvt Ltd) on “Modified viscous boundary and its efficiency in soil structure interaction problems” Each of the keynote are followed by technical sessions.
- Mr.Ravishankar (ARUP India Pvt Ltd) And Mr.P.srinivas Reddy(chairman, ICI, Hyderabad Chapter) presenting a Keynote :
- The valedictory was hosted by Mr. Moray, Technical Head of the Maha cement Industries who was also one of the sponsor for the conference. The session was staged by Prof. Padmaja (Principal, VJIT), Mr. Mouray (Technical head, Maha Cement),Er.Srinivas Reddy (chairman, ICI, Hyderabad Chapter) and Dr. Pallavi Badry (Head, CE, VJIT).
- Finally, Dr PallaviBadry conference chairperson and convener expressed her vote of thanks to management, Institute Director and Principal and heartfelt gratitude to all the resource persons, participating researchers, students, and organizers for making this attempt of holding first National Conference a very successful. She also mentioned a note for the industry sponsors including ICI, Maha cements technical sponsors including Scopus and Manager journal for their review help and

One day Workshop on Oasys slope software held on 27.12.2018

- Oasys Slope, a software has been purchased from Anup India Pvt Ltd. this software is extensively used for finding out the slope.
- A demo was given by Vishalkumar (business development manager) of Anup India Pvt Ltd on 27/12/18.
- This software helps to find out the slope for two-dimensional slope stability analysis. It is quick and easy to use for a wide range of slope stability problems.
- Such as Analysing reinforcing elements including soil nails, rock bolts, ground anchors and geotextiles.
- As slope finds the way to study a slip surface to find factor of safety against failure, and to check the improvements from reinforcement, it has a tremendous use in Geotech as well as structural Engineering.
- By giving the input data one can analyse the slope by using Bishops method for circular slips and jumbo for non circular Slips.
- In both methods the inclination of the interstice's forces can be horizontal, constant inclined or vertically inclined

One Day Workshop on Career Opportunities held on 22.01.2019

- Our Civil Engineering Department organized the workshop on career opportunities conducted for our II, III and IV year students on 22.01.2019.
- Mr. Ravi kumar, Executive Director from NAC (National Academy of Construction) was the cheif guest for this workshop.
- The Head of Department of Civil Engineering Dr. Pallavi Badry showered a very warm welcome to the participants and presented the invocation address.
- Then Mr. Ravi Kumar started to explain about the current scenario of civil engineering.
- He also told about the NAC and it's importance to the young budding civil engineers.
- The lecture was exciting to the student they got very informative ideas about their career.
- He passionate the young minds by the charming presence and ant-like attitude. He also made an interactive session with students and attracted their minds.

A Study Tour To Kaleswaram Dam Project Between 25.01.2019 To 26.01.2019

A visit to Kaleswaram project was organised by the Civil Engineering Department for 3rd Year students on 25th and 26th January. To attain the practical knowledge about Lift Irrigation. It is “World’s Largest Lift Irrigation Project” initiated by Telangana CM K Chandrashekar Raogaru with 28 packages and 7 links. They have visited Kannepalli pump house which pumps water towards other barrage. It is India’s largest pump house.

Highlights:

- Out of 7 links our students have visited 1 link (Annaram Barrage & Sundilla Barrage). The budget for entire Kaleswaram project is around 80,500 crores.
- With this project around 35 acres of land will be irrigated. The lifting of water from those barrages is done up to Hyderabad.
- The main thing is that the construction is done in forest lands.
- They also visited “Triveni Sangamam” where three rivers (Pranahitha, Godavari and Saraswathi) meet at one place and a historical temple of lord “KaleshwaraMuktheeshwara”.
- In this way our students gained some practical knowledge about the irrigation project and some imaging knowledge, learning practically, actually how lifting or pumping will be done.

Workshop on Total Station held on 05.03.2019 to 11.03.2019

A two day's workshop on total station is organised by the department of Civil Engineering "Vidya Jyothi Institute of Technology (VJIT)" from 05.03.2018 to 11.03.2018. This workshop provided the opportunity to the students to use the Total Station for surveying. Total station or TST (total station theodolite) is an electronic/optical instrument used in modern surveying and building construction. The total station is an electronic theodolite (transit) integrated with an electronic distance meter (EDM) to read slope distances from the instrument to a particular point. Robotic total stations allow the operator to control the instrument from a distance via remote control. This eliminates the need for an assistant staff member as the operator holds the reflector and controls the total station from the observed point.

Contour intervals and scales can be changed in no time. In 1-week duration the students got to learn about the Length calculation, Area calculation, Angle calculation, Missing line Method and plotting of foundational markings etc... on field. It was a golden opportunity utilized by the graduating students for the fulfillment of their "Total Station Training Certification Program". It has provided a great scope for the students to get the

practical knowledge for their future endeavours.

Industrial Visit To National Academy of Construction NAC Held On 23.02.19

The Final year students of Batch 2018-2019 from have visited “National Academy of Construction” on 23rd February 2019 in Hyderabad at Hitech. As day by day the technology is improving it is necessary for the Civil Engineering graduates to update with the new skills in construction to become skilled trainers and it is achieved with support of academy likeNAC.

- Various technical facilities are available like Skill Development, Skill Up gradation, EDP/MDP Trainings, PG Trainings and other trainings.
- Our students had practical knowledge like brick bonding, shuttering, false ceiling, Total Station, Field surveying and labs related to Civil Engineering.
- After a full fledged theoretical knowledge at college the students got an opportunity to know the things in practically which will help them in getting secure jobs and a good opportunity to take up entrepreneurship.

A Visit to Telangana State Engineering Research Laboratories (TSERL) held on 26.02.2019

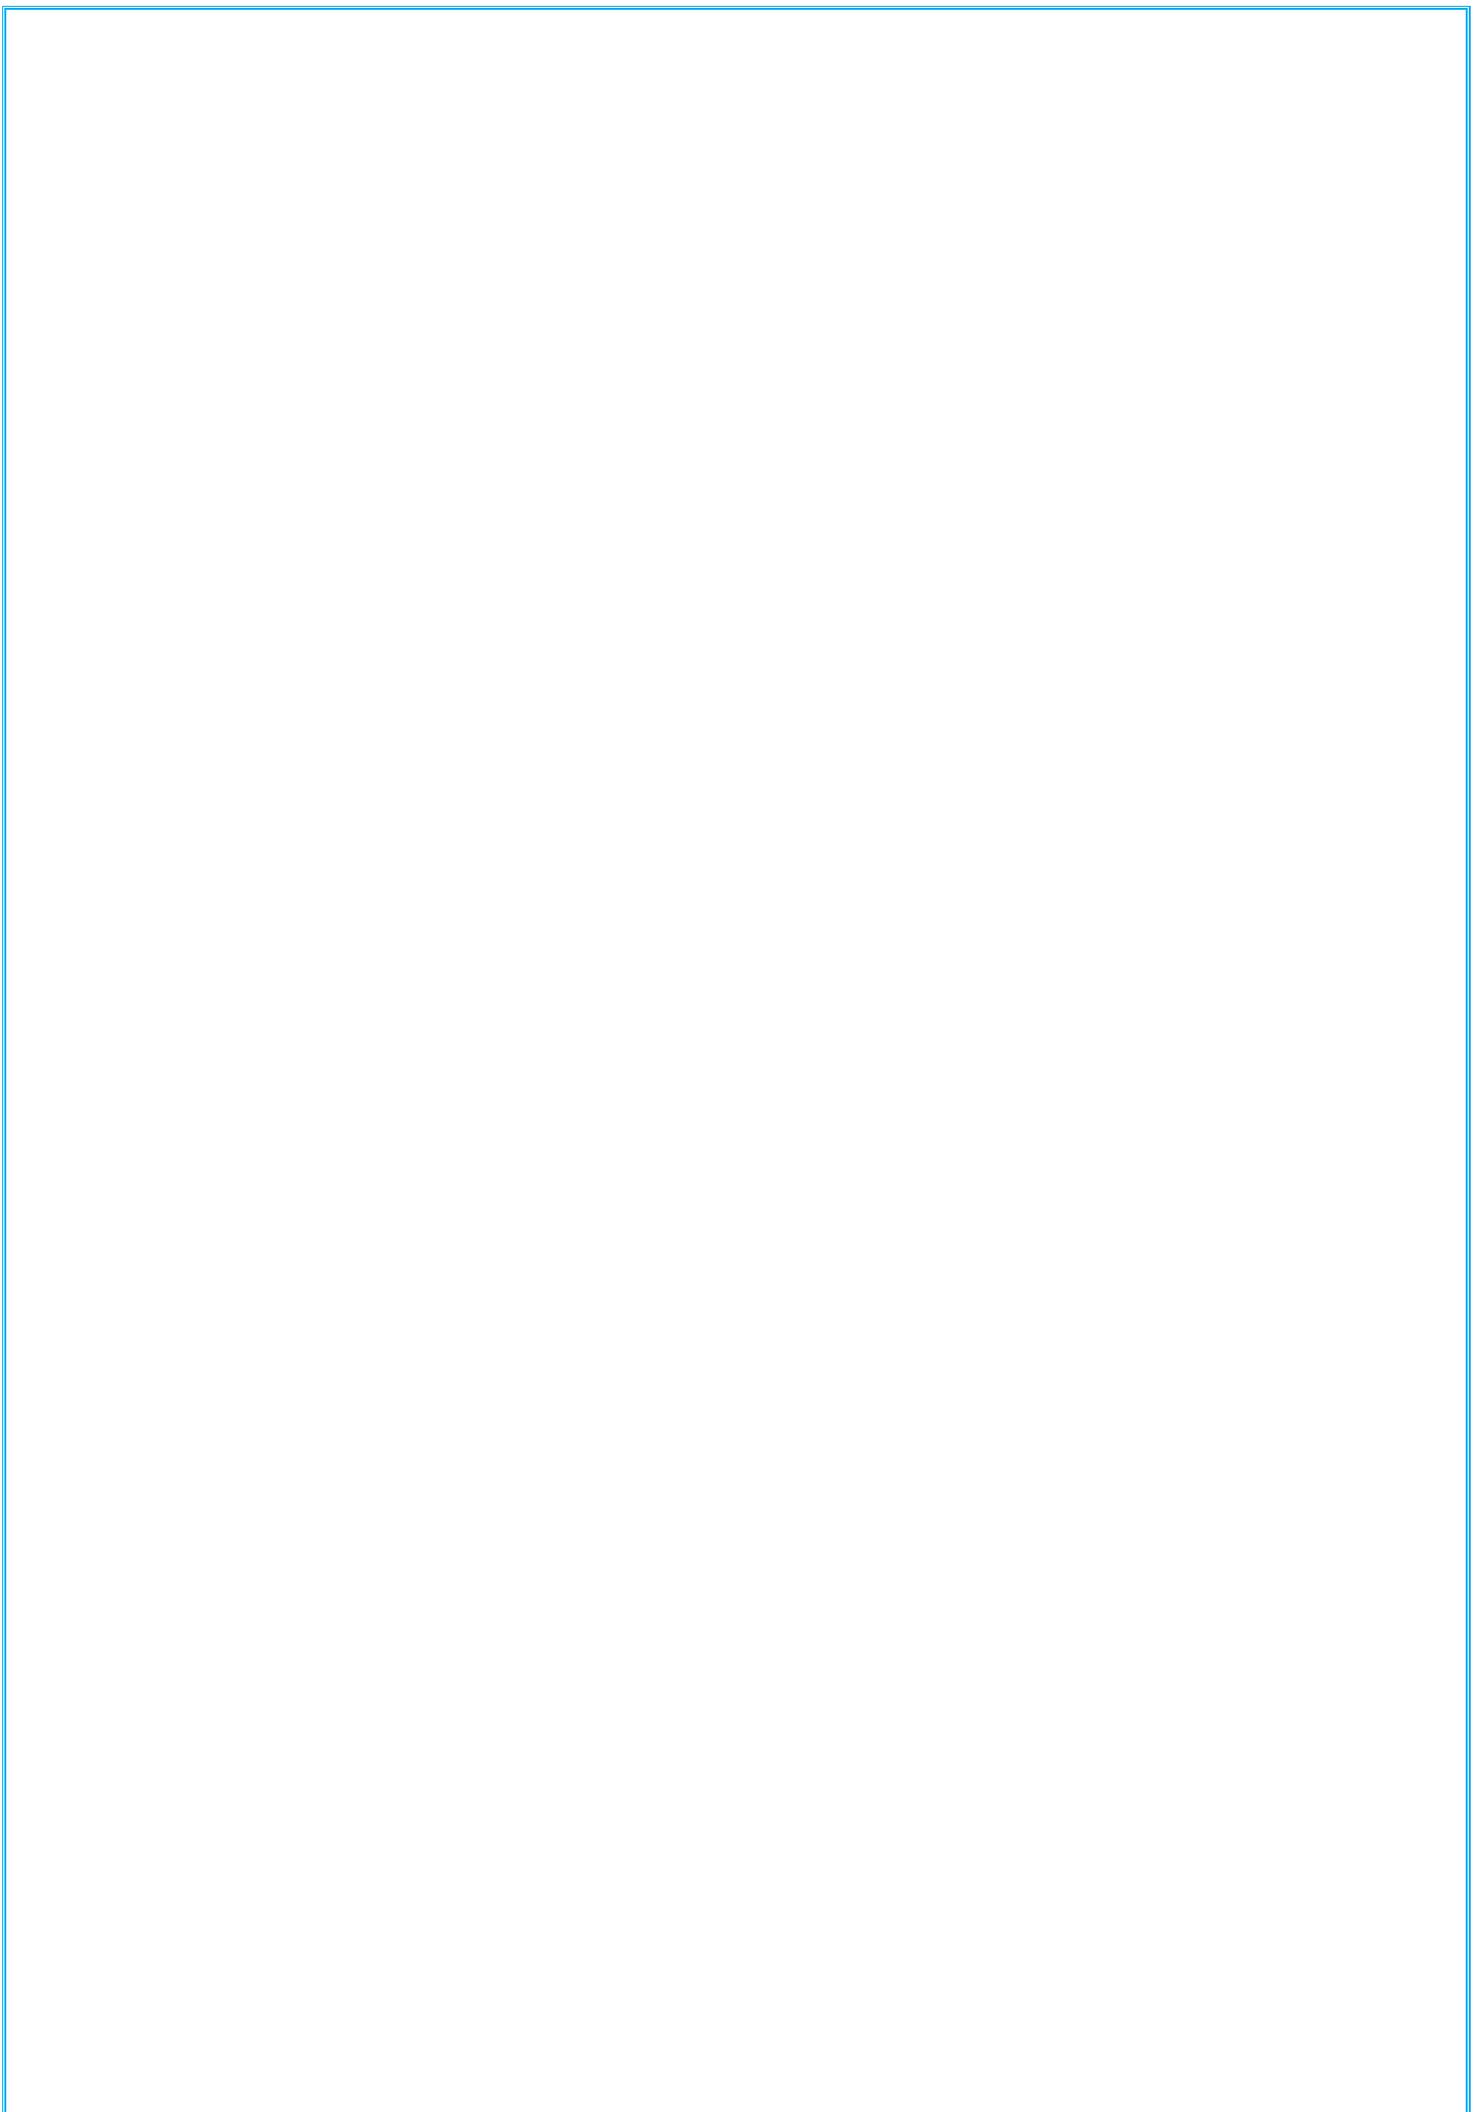

- A industrial visit was planned and conducted by Civil department to TSERL (Telangana State Engineering Research Laboratories) on 26th Feb 2019 for civil 2nd year students where they visited field labs to gain practical knowledge mainly in Hydraulics lab, Geo-technical lab and Concrete labs etc.
- Trip was conducted in two sessions for 120 students where they were divided into three batches.
- Hydraulics lab included with total field models of dams and irrigation projects in both states of Telangana& A.P.
- Geo-technical lab included of tests on soil samples collected from Kaleshwaram. Concrete lab included all tests on cement and tests on concrete on large scale.

Project Expo by Final Year Students Held on 01.04.2019 To 02.04.2019

- Project Expo was organized for IV year students in Civil Engineering Department from 01.04.2019 to 02.04.2019.
- Er. Purusothaman, Managing Director for Kapil Pre-cast & Infra Pvt. Ltd, Hyderabad was the chief guest for this programme.
- The students explained about their projects, by preparing models.
- Er. Purusothaman gave a lot of suggestion to the students and also provided more information about their relevant work.
- He inspected their projects and evaluated the student's performance.
- From that score, the prize for the first three places were decided. It was very informative for our students
