Discussions with Sarpanch of Aziznagar Village on Empowering Rural Women

The VJIT Women Empowerment Cell and VJIT NSS have met the Sarpanch and the Village Officer of Aziznagar on 12th April 2021 to discuss the problems faced by women in Aziznagar village and how VJIT can extend their support for the cause. The discussions were based on the survey conducted on 9th April 2021 in Aziznagar village. The aspects discussed were that the women were found suffering from social biases in the traditional male dominated society. Compared to men women have limited access to educational and employment opportunities, even they have the least authority to do something at their own initiation. Women are found greatly confined to household and soft nature of farmyard activities.

The connection between poverty and women's lack of power over resources and decision-making has caught the attention of the survey. It was discussed that still largely the households directly and indirectly deny or discourage women's income generation. Though the women have substantial contributions both as labor and mentor in the household, their role is often underestimated.

VJIT WEC identified Women empowerment issues and felt they should be addressed. VJIT WEC offered to implement various types of Women Empowerment Programs and support Programs

to the women in Aziznagar Village. Women empowerment through Income Generation and Skill Development, to increase income of women through independent business or work in the related field. The team expressed to the sarpanch that increased income lessens women's dependence on family heads and enables them to spend for personal expenses; giving them certain freedoms as individuals; empowering them to contribute to family affairs financially and creating an environment in the family and in the society, in favor of the women.

Survey Conducted on Income generation of Women in Aziznagar Village

The VJIT Women Empowerment Cell and VJIT NSS have conducted a casual survey to know the income generating activities of the women in Aziznagar village on 9th April 2021. The Key objective of the survey is to search the kind of women income generating activities which women take part in villages and check the level of involvement of women in those income-generating activities. Rural

women are facing more nutritional problem as compared to men. For the betterment to their living standard and household life it is imperative that we need to improve women's income generating activities, so they can better support their house and support themselves and become independent which will ultimately develop their confidence, so there is a need to involve them in income generating activities.

International Women's Day 2021 Celebrations

The International Women's Day 2021 Celebrations have been observed at VJIT by the Womens Empowerment Cell, to celebrate the purpose of woman being an achiever in every field she treads. Women have proven their mettle in every sphere across the world. The Coordinators Dr D. Aruna kumari, Ms. M. Vijayashanthi and Ms. M. Sujatha have organized the program with great zeal. A Panel Discussion was organized on "Women Empowerment and Prevention of Sexual Harassment", moderated by Ms. Sree Latha Shankar with panel members, students, and faculty of VJIT.

This year the Women's Day has been celebrated under the theme "Challenge to Change". The celebrations at VJIT also provided a platform that forged a positive change for all the VJITian women from the daily routine. The day has seen all the ladies and girls adorned in colourful & beautiful drapes happily enjoying the festive mood set in the college. Both the Ladies and Girls have relished the merriments by indulging in various fun games with prizes and lovey return gifts. The festive mood continued with enthusiastic cultural programs by both the faculty and students.

Elocution competition on the International Day for the Elimination of Violence against Women

The VJIT Women's Empowerment Cell felt that observing the International Day for the Elimination of Violence Against Women symbolizes the mobilization against violence against women and reminds us that women must be the heart of change.

The VJIT WEC and VJIT NSS have organized an Elocution competition for the first-year students on 25th November 2019 to build an awareness on Women's Rights and the Elimination of Violence Against Women. The topics for the Elocution focused to build mindfulness on elimination of violence against women and how to preserve their rights. Elimination of Violence Against Women which defines this type of violence as "any act of gender-based violence that results in, or is likely to result in, physical, sexual, or psychological harm or suffering to women, including threats of such acts, coercion or arbitrary deprivation of liberty, whether occurring in public or in private life."

Bathukamma Celebrations

Bathukamma Celebrations was celebrated grandly by the VJITian women in the college campus. It was held at the Central Block Lawn on 05th October 2019. All the girl students and lady staff of the college have actively participated in the celebrations. Bathukamma is a vibrant, colorful floral festival celebrated with great gusto by the women in Telangana. The festival carries immense importance and significance in the state, and over the years has become indelibly linked with its cultural identity.

Women and Construction Career

A Seminar was organized by VJIT Civil Department on “**Women and Construction Career**” held in the E-block seminar Hall on 28th September 2019. Er. P. Srinivas Reddy was invited as the Chief Guest for the Seminar.

The speaker shared his views on drastic increase of women in the construction field in the past few years. He expressed that due to the technological advancement more office/indoor and IT-enabled technical jobs are emerging, creating a demand for women-centric workplaces in the construction and similar industry has arisen. He felt that the scenario in the Construction field has been changing as more female students are enrolling in the Civil Engineering and Construction Management Courses.

He said that in the construction industry women are working at three levels:

1. **Women in a technical position as engineers or architects**
2. **Women in an administrative position like managers (Finance, HR), etc.**
3. **Women as construction labors**

The situation of women in an administrative position is favorable as they are not required to travel to the construction sites and may have the option to work in flexible working hours.

Dr P Venugopal Reddy Dean of Exams with Chief Guest in the Event - Women and Construction Career

A Seminar was organized by VJIT “Women in Engineering” and VJIT Women Empowerment Cell. It was held in the E-block seminar Hall on 14th September 2019 and Mrs. G. Venkatlakshmi, Senior Scientist, ECIL was the chief Guest and Speaker of the Seminar. She had enlightened the Role of Women presently in various sectors.

She further elucidated that in many engineering jobs, about 42% are female workers. Those female engineers are working for the country’s politics, livelihood, social skills and other developmental jobs. Therefore, she felt that it is very important to upgrade the performance of women engineers and nurturing the new generation young women engineers to match the international standard of engineers.

She strongly expressed that now Women in Engineering Chapter are not just involved as a member of only women engineers’ group in Federation of Engineering Organizations but also in the International Network of Women Engineers and Women Scientist Engineers. Women are not only professionals but also ladies with the lamps who are trying to bring the peace and happiness to their own families. Finally, she advised that the young women must upgrade the strong abilities of women engineers so, they can perform as great united force in future developmental activities of the country.

International Women's day celebrations 2018

"It is in this generation's reach to transform gender relations, to empower women and girls, and humanity as a whole." The VJIT Women's Empowerment Cell celebrated International Women's Day on March 8, a day that honors the achievements and calls attention to the rights of women. International Women's Day, a global day celebrating the social, economic, cultural and political achievements of women, as the world is witnessing a significant change & attitudinal shift in both women's and society's thoughts about women's equality and emancipation.

Rangoli Competition

Vidya Jyothi Institute of Technology organized the “Rangoli Competition” on 08th January 2016. Over 20 students have been participated in the rangoli competition. The heads of the department of all branches attended as chief guests.

Rangoli is a colourful art known by different names across different parts of India like Alpona, Ossa, Muggu, Kolam etc. With the fragrance of Diwali all around in the environment and Rangoli is something which anyone can relate to as they denote two important things – Colours, which everyone loves and Festivities, which everyone enjoys with their families.

The theme of the competition was 'celebrations and festivals'. Rangoli making is an integral part of Indian tradition and culture. Beautiful rangolis adorn the Indian houses specially during festivals. The participants created innovative designs of Rangoli using waste material, grains, bamboos, diyas, flowers and sawdust apart from rangoli colors.

Competitions resemble all examinations where we attempt to give our best to excel. Rangolis are something each of us can easily relate to as they symbolize color as well.

Finally ended with the announcement of winner.

Bathukamma Celebrations 2019

Bathukamma Celebrations was Celebrated Grandly by Vidya Jyothi Institute of Technology, with in the Institution which was held at Central Block Lawn on 5th October 2019. All the girl students and Lady Staff of the college actively participated in this celebration. Bathukamma is a vibrant, colourful floral festival celebrated with great gusto by the women in Telangana. The festival carries immense importance and significance in the state, and over the years has become indelibly linked with its cultural identity. Bathukamma that means 'Mother Goddess come Alive' is celebrated towards the end of monsoon and heralds the abundance that nature has to offer. The festival begins on the day of Mahalaya Amavasya, and is celebrated with much fanfare for nine days. The final day of Bathukamma, known as Pedha or Saddula Bathukamma falls two days before Dussehra. Women, during the festival, make small 'Bathukammas', and then later immerse them in water. The Celebrations was ended by the beautiful dance Performances and by playing the Dandiya.

Discussion on the Problem of Women's Education

Vidya Jyothi Institute of Technology organized a seminar on “Discussion on Problem on Women's Education” was held in c-block seminar hall on 04th October 2018. Over 450 students have participated in the seminar. Mrs. G. Venkatlakshmi, Senior Scientist, ECIL was the chief guest for this workshop. This seminar was especially for the girl students and lady faculty to make aware of the Problems on Women's Education.

In the seminar, the speaker elucidated on the topic on the problem of women’s education in India is one which attracts our attention immediately. In our country, due to conservative traditionalism, women’s status has, through ages, been lower than that of men. During the later part of the Vedic period the Aryans had sealed the fate of women culturally and socially by denying them the right to study Vedas and thus half of the population was deprived of one of the most fundamental human rights.

Vidya Jyothi Institute of Technology

An Autonomous Institution

(Accredited by NAAC, Approved by AICTE New Delhi & Permanently Affiliated to JNTUH)

Aziz Nagar Gate, C.B. Post, Hyderabad-500 075

The speaker discussed with the girl participants on the topic education of girls and women as an integral part of national development. The steps that are to be taken to improve and expand their education and how to not let it recede due to lack of finance. Also, how to fill the big gap between the education of the boys and girls. Further, mother is the pivot of family life in India. The discussions strongly reconfirmed the role of girls' and women's education in eliminating poverty and in equalities, improving health, and accelerating economic growth and development. At the conclusion of this seminar, many participants said that they felt inspired to advance girls' and women's education and to move forward this agenda through relevant actions and initiatives.

Impact of Women Empowerment for Women in Poverty

A seminar was organized by VJIT Women Empowerment Cell, VJIT NSS & VJIT Civil Engineering Department on "Impact of Women Empowerment in Poverty" was held in c-block seminar hall on 18th July 2018. Over 150 students, faculty members took part in the seminar. Mrs. SP Anchuri, Vice President, Indian Association of Structural Engineering, Hyderabad, was the Chief

Aziz Nagar Gate, C.B. Post, Hyderabad-500 075

Guest for this workshop. This seminar was especially for the girl students and lady faculty to them make aware of women empowerment for women in poverty.

In this seminar, the speaker elucidated on Women empowerment is one of the most discussing issues in the present world, especially in the developing country. Empowerment of women means raising women as more aware individuals, who are economically productive and independent and can make their own decisions related to education and their own health. The main objective of women empowerment is to ascertain gender equality. Thus, making sure that women workers are provided with equal facilities in terms of their overall welfare and safety at workplaces.

In India disparities exist between men and women in education, health, employment and income opportunities, and control over assets, personal security, and participation in the political process in the country (Varghese 2011). The empowerment of women is one of the solutions to the problems of inequality, subordination, and marginalization. India has improved upon some aspects of women empowerment like literacy rate, sex ratio at birth, chronically energy deficient women % MMR. However, various aspects of empowerment of women are yet to be achieved like women are often kept out of decision making or they are dependent on their husband, father, or brother for crucial decisions. Hence to empower her it is also necessary that the society must change and give women a chance to rise independently.

This event focused on Women empowerment and Livelihood in Mid-Gangetic Plains. It also empowers to address their political, legal, health problems. All the participants gave positive feedback. Finally concluded with vote of thanks.

Awareness Program On Womens Safety

Women's Safety Awareness Program: Our out-of-the-box Women's Safety Awareness and Personal Protection initiative is unique and is put together by safety & rescue trainers from the Police Department. We believe that 'prevention is better than cure'. The Women's Safety Awareness program provided guidance to young girls and women on how to be a step ahead of attackers and refuse to become victims.

The session focused on motivating **Women to WIN before the fight starts!**

The program was sponsored by Dream Valley Resorts, Moinabad on 12th November 2017.

YOGA DAY For First Year Girls

WOMAN is competent, versatile, and successful - dynamic at work, and doting at home! They are the glue that holds many pieces of life together. Any tribute will fall short of place that women hold in our hearts and societies. But women are also stretched and stressed. The Women Empowerment Cell conducted Yoga Training Session for the first-year girl Students on the International Day 2019. While they look after everyone around them, who looks after them *to help them successfully cater to the multiple demands on their time? They are expected to multi-task all the time, living like Superman*

The Women Empowerment Cell felt that the answer lies in Yoga - the balance that today's 'beauty with brains' needs! The First-Year girls' students who were interested in Yoga sessions were given training in Basic Yoga on 21st June at the A Block.
